(Telegram.)

Mr. Lyttelton to Lord Minto.

From the Secretary of State for Colonies to Lord Minto.

(Cable.)

LONDON, 9th August, 1904.

My telegram of February 10th rules for observance of neutrality published in *London Gazette* February 11th lay down in rule 3 to what extent coal might be supplied to belligerent warships in British ports during the present war. It must be borne in mind that reason for practice of admitting belligerent ships of war into neutral ports arises out of exigencies of life at sea and the hospitality which it is customary to extend to vessels of friendly powers and that this principle does not extend to enabling such vessel to utilize neutral port directly for the purpose of hostile operations. H. M. G. have decided that rule above mentioned is not to be understood as having any application to case of belligerent fleet proceeding either to the seat of war or to any position or positions on the line of route with the object of intercepting ships or suspicious of carrying contraband of war. Such fleet cannot be permitted to make use in any way of any British ports for the purpose of coaling either directly from the shore or from colliers accompanying fleet whether vessels of the fleet present themselves at the

port at the same time or successively. H. M. G. further direct that the same practice be pursued with reference to single belligerent ships of war if it is clear that they are proceeding for the purpose of belligerent operations as above defined. This is not to be applied to the case of a vessel putting in on account of actual distress at sea.

PRESENT :

The Honourable A. G. BLAIR, P.C., K.C., LL.D.,
Chief Commissioner.The Honourable M. E. BERNIER,

Commissioner.

In the matter of the complaint of J. A. Scobell against the Kingston and Pembroke Railway Company (hereinafter called the respondent Company) to the Board of Railway Commissioners for Canada, under The Railway Act of 1903, charging (1) that discriminatory rates are imposed on the transportation of cedar lumber, railway ties, and poles of all kinds made from cedar, and used for railway purposes, etc. (2) That unreasonable and excessive rates are imposed on the transportation of telegraph, telephone, and trolley poles as compared with rates on lumber, etc.

Upon hearing what was alleged by the complainant Scobell, and F. Conway, General Freight Agent of the respondent Company, in reply, and the evidence adduced :

It is ordered,—

That the respondent Company do cease and desist henceforth and immediately from levying tolls on

cedar and its products, such as lumber, ties, posts, telephone, telegraph, and trolley poles, in excess of tolls on other descriptions of timber and their products.

That the respondent Company substitute for its present rates, tolls which shall not discriminate between cedar and other woods.

That the tolls on cedar and other ties be not higher than the tolls on lumber to be published in the Company's special mileage tariff on lumber, etc., and that the tolls on cedar lumber, cedar posts, and cedar poles of all kinds, be not made relatively higher than the tolls on other lumber, posts, and poles ; and that the Kingston and Pembroke Railway Company substitute a new tariff giving effect to this order, and submit the same within twenty days for the approval of the Board.

And it is further ordered,—

That Canadian Freight Classification No. 12, of May 1st, 1903, be amended under the heading of lumber, as follows, viz. : that rails, fence posts, telegraph poles, and ties of all descriptions, which are now classified to be carried by the railways by special contract only, be added to the list of commodities which are included in the said Classification in the term "Common Lumber," and are therein classified 10th class in carloads ; and that telephone and trolley poles (wooden) be also added to the said list.

Mr. Lyttelton à Lord Minto.

CONSEIL PRIVÉ DU CANADA.

Câble.

De l'honorable Secrétaire d'État pour les Colonies à Lord Minto.

LONDRES, 9 août 1904.

Mon télégramme du 10 février, règles pour l'observation de la neutralité publiées dans la *London Gazette* du 11 février, explique à la règle 3 jusqu'à quel point le charbon peut être fourni aux navires de guerre belligérants dans des ports britanniques dans le cours de la guerre actuelle. Il faut se rappeler que la pratique d'admettre des navires de guerre belligérants dans des ports neutres provient des exigences de la vie en mer et l'hospitalité qu'il est de coutume d'offrir à des vaisseaux de puissances amies, et que ce principe ne va pas jusqu'à permettre à ces vaisseaux d'utiliser un port neutre directement pour des fins d'opérations hostiles. Le G. de S. M. a décidé que la règle précitée ne doit pas s'entendre s'appliquer aucunement au cas d'une flotte belligérante se rendant soit au siège de la guerre ou à une position ou des positions sur la ligne de route dans le but d'intercepter des navires, ou soupçonnés de porter de la contrebande de guerre. On ne doit pas permettre à une telle flotte de se servir d'une manière quelconque d'aucuns des ports britanniques dans le but de prendre du charbon soit directement du rivage ou de charbonniers qui accompagnent la flotte, que des vaisseaux de la flotte se présentent au port en même temps ou successivement. Le G. de S. M. ordonne de plus que la même pratique soit suivie au sujet de navires de guerre belligérants seuls s'il est évident qu'ils se rendent à des opérations belligérantes comme définies plus haut. Ceci ne s'applique pas au cas d'un vaisseau se réfugiant dans un port à cause de désastre en mer.

J'ai l'honneur d'être, monsieur,
Votre très humble serviteur,

PRÉSENT :
SA TRÈS EXCELLENTE MAJESTÉ LE ROI EN
CONSEIL.

CONSIDÉRANT que par un arrêté en conseil, daté le 12e jour de janvier 1891, il a plu à feu Sa Majesté, de l'avis de Son Conseil privé, sur la recommandation du Lord Chancelier, avec le concours des Commissaires du Trésor de Sa Majesté, d'ordonner

que les devoirs du bureau du registraire de Sa Majesté en matières ecclésiastiques et maritimes seraient dorénavant remplis, durant le bon plaisir de Sa Majesté, par John George Smith, registraire de la division d'Amirauté de la Haute Cour de Justice ;

Et considérant que le dit John George Smith s'est démis des dites deux charges,—

A ces causes, il plaît à Sa Majesté, en vertu du pouvoir conféré à Sa Majesté à cet égard par l'*Acte de la Cour Suprême de Judicature* de 1875 ou autrement, de l'avis de Son Conseil privé, sur la recommandation du Lord Chancelier, appuyée des Commissaires du Trésor de Sa Majesté, d'ordonner comme suit :—

1. Les devoirs du bureau du registraire de Sa Majesté en matières ecclésiastiques et maritimes, jusqu'à présent remplis par le dit John George Smith, seront dorénavant remplis par le registraire du Conseil Privé en exercice, durant le bon plaisir de Sa Majesté, et sujet aux arrangements concernant les devoirs du dit bureau du dit registraire en matières ecclésiastiques et maritimes, soit par l'abolition de ce bureau, ou autrement, que Sa Majesté jugera à propos.

COMMISSION DES CHEMINS DE FER.

COMMISSION DES CHEMINS DE FER POUR
LE CANADA.

(Assemblée à Ottawa.)

Samedi, le trentième jour de juillet, A.D. 1904.

PRÉSENTS :

L'honorable A. G. BLAIR, C.P., C.R., LL.D.,
Chef de la Commission.
L'honorable M. E. BERNIER,
Chef suppléant de la Commission.
JAMES MILLS, écuyer, M.A., LL.D.,
Commissaire.

Dans l'affaire de la plainte portée par J. A. Scobell contre la Compagnie de chemin de fer Kingston et Pembroke (ci-après appelée la compagnie défenderesse) devant la Commission des chemins de fer pour le Canada, sous l'empire de l'*Acte des chemins de fer* de 1903, énonçant (1^o) que des taux différentiels sont imposés pour le transport du bois de cèdre, traverses de chemin de fer, et poteaux de toutes sortes faits de cèdre, et employés à des fins de chemin de fer, etc. ; (2^o) que des taux excessifs et déraisonnables sont imposés pour le transport des poteaux de télégraphe et de téléphone, et les perches de trolley, comparativement aux taux sur le bois de service, etc.

Ayant entendu les énoncés du plaignant Scobell, et la réponse de F. Conway, agent général du fret de la compagnie défenderesse, et la preuve à l'appui :—
Ordonné,—

Que la compagnie défenderesse cesse et arrête immédiatement de prélever des péages plus élevés sur le cèdre et ses produits tels que le bois de service, les traverses, pieux, poteaux de téléphone et de télégraphe et perches de trolley, que sur d'autres espèces de bois de construction et leurs produits.

Que la compagnie défenderesse substitue à ses taux actuels, des péages qui n'établiront pas de différence entre le cèdre et les autres bois.

Que les taux sur les traverses de cèdre et autres ne soient pas plus élevés que les taux sur le bois de service qui seront publiés dans le tarif spécial par mille de la compagnie pour le bois de service, etc., et que les taux sur le bois de cèdre, les pieux de cèdre, et les poteaux de cèdre de toutes sortes ne soient pas plus

élevés relativement que les taux sur d'autres bois de service, pieux et poteaux ; et que la Compagnie de chemin de fer Kingston et Pembroke substitue un nouveau tarif rendant le présent ordre exécutoire, et le soumette sous vingt jours à l'approbation de la Commission.

Et ordonné, de plus,—

Que la Classification n° 12 du fret canadien du 1er de mai 1903, soit modifiée sous le chef "Bois de service," comme suit, savoir, que les perches, pieux de clôture, poteaux de télégraphe et les traverses de toutes sortes, qui sont aujourd'hui classés comme devant être transportés par les chemins de fer par convention spéciale seulement, soient ajoutés à la liste des articles compris dans la dite classification sous le chef "Bois commun" et y sont classés 10e classe par chargement de wagon ; et que les poteaux de téléphone et les perches de trolley (en bois) soient aussi ajoutés à la dite liste.

AVIS DU GOUVERNEMENT.

CANADA.

DÉCRET DU MINISTRE DE L'AGRICULTURE AU SUJET DE LA GALE DES BÉSTIAUX.

CONSIDÉRANT que la gale des bestiaux sévit chez le bétail dans toute cette partie des territoires de l'Assiniboia et d'Alberta bornée par la frontière internationale, les montagnes Rocheuses et une ligne tirée comme ci-dessous :—

Une ligne tirée entre les townships 32 et 33 à partir des montagnes Rocheuses aussi loin à l'est que la ligne du chemin de fer Calgary et Edmonton, de là vers le nord-est le long de la dite ligne de chemin de fer jusqu'à son croisement avec la ligne entre les townships 36 et 37, de là vers l'est le long de la ligne entre les rangs 24 et 25 à l'ouest du 4e principal méridien, de là le long de cette ligne jusqu'à la ligne entre les townships 38 et 39, de là vers l'est longeant la ligne du 4e principal méridien, de là au sud longeant le 4e méridien jusqu'à la ligne entre les townships 28 et 29, de là vers l'est longeant la dite ligne jusqu'à la ligne entre les rangs 7 et 8 à l'ouest du 3e principal méridien, de là vers le sud longeant cette ligne jusqu'à la ligne entre les townships 10 et 11, de là vers l'est longeant cette ligne jusqu'à la ligne entre les rangs 20 et 21 à l'ouest du 2e principal méridien, de là vers le sud longeant cette ligne jusqu'à la ligne frontière internationale.

A ces causes, par et en vertu des pouvoirs qui me sont conférés par l'Acte concernant les épizooties de 1903, je déclare par le présent la dite région un endroit infecté.

Et considérant qu'il est de la plus haute importance pour les intérêts des propriétaires de bestiaux et pour la conservation d'un bon marché pour les animaux de l'ouest que des mesures soient immédiatement prises à l'effet d'extirper la maladie en question et l'empêcher de se propager par tout le Canada.

Et considérant qu'il est nécessaire pour arriver à cette fin de suppléer aux prescriptions de l'arrêté en conseil du 27 de juin 1904, qui décrète que—

“Chaque inspecteur vétérinaire, et chaque personne dûment autorisée par un inspecteur vétérinaire aura le pouvoir d'ordonner que les animaux affectés ou soupçonnés d'être affectés de la gale soient rassemblés pour être inspectés, et si la chose est nécessaire, être détenus, isolés ou traités conformément aux instructions du vétérinaire directeur général.

“Les frais résultant de ces rassemblement, isolement, et traitement seront à la charge des propriétaires des animaux, et dans le cas où ces frais seraient avancés par l'inspecteur ou autre personne autorisée ils seront prélevables sur les dits animaux, sans préjudice, toutefois, du recouvrement des amendes encourues pour l'infraction des présents règlements.

“Si ces frais ne sont pas payés sous vingt jours de la date où ils sont encourus, l'inspecteur ou autre personne dûment autorisée pourra faire vendre les dits animaux à l'enchère publique, après avoir donné au propriétaire dix jours d'avis par écrit de son intention de faire vendre les dits animaux ; cet avis sera réputé être légalement donné, dans le cas où le propriétaire est connu, en le lui délivrant en personne, ou en le lui envoyant par la poste à son dernier domicile connu. Si le propriétaire est inconnu, cet avis sera légalement donné en le publiant dans une édition d'un papier-nouvelles publié ou circulant dans le district où ces animaux sont détenus. Les produits de cette vente seront, en premier lieu, appliqués au paiement des dépenses raisonnables des rassemblement, isolement, traitement, annonces et conduite de la vente, et la balance, s'il en reste, sera payée au propriétaire des dits animaux, à sa demande. Tout solde restant impayé sera remis au Ministre, et s'il n'est pas réclamé sous douze mois après le jour de la vente, il sera versé au crédit du Receveur général.”

Et considérant que la nature de la maladie et les conditions où sont tenus les animaux dans la région ci-dessus décrite, sont tels, que pour réussir le traitement doit être général et, autant que possible, simultané, et doit inclure non seulement les animaux malades mais tous les animaux qui auraient été directement ou indirectement exposés à la contagion.

Et considérant, après une enquête minutieuse et un mûre examen, qu'il a été décidé que la période entre le 1er septembre au 31 octobre est la plus propice et la plus convenable au dit traitement :

A ces causes j'avertis par le présent toutes personnes possédant ou qui ont la charge d'animaux dans la région ci-dessus décrite, de voir durant la dite période, à ce que ces animaux soient immergés ou autrement traités d'une manière satisfaisante aux fonctionnaires de ce ministère.

Pourvu, cependant, que lorsqu'il est clairement démontré, à la satisfaction des dits fonctionnaires, que les animaux dans toute région ou district bien défini ne sont pas atteints de la gale, ou qu'il n'ont aucune-ment été exposés à la contagion de la gale, ou qu'ils ont, dans le cours de la saison actuelle, été traités d'une manière satisfaisante, et ensuite gardés complètement isolés de tous autres animaux, les faits seront exposés au directeur vétérinaire général et ce dernier pourra exempter cette région ou district de l'opération du présent arrêté en tant qu'il s'agit du traitement.

Ce traitement, selon l'avis du ministère, sera,—

1° Soit l'immersion pendant au moins deux minutes dans une solution de chaux et de soufre composée d'au moins 10 livres de chaux et de 24 livres de soufre dans 100 gallons d'eau, préparée d'après les instructions des fonctionnaires du ministère,—ou

2° Une application à la main de la préparation suivante :—

Soufre, 2 livres
Huile de goudron, 8 onces,
Huile de lin crue, 1 gallon.

Dans l'un ou l'autre cas le fluide employé sera appliqué à la température d'au moins 100 et d'au plus 110 degrés Fahrenheit, et le traitement sera répété après un intervalle d'au moins dix et d'au plus quinze jours.

La somme exigée pour le traitement d'animaux errants ou d'animaux dont les propriétaires négligent ou refusent de se conformer au présent arrêté en tant qu'il s'agit du traitement, ne dépasseront jamais vingt-cinq centins par animal pour chaque immersion ou application, mais s'il est nécessaire de rassembler les animaux et de les garder pour une deuxième immersion ou application, une somme additionnelle de une piastre par animal pourra être perçue.

2. Aucun animal ne sera déplacé ni ne pourra sortir de la région ci-dessus décrite sans être accompagné du certificat d'un inspecteur de ce ministère déclarant qu'il a été examiné par un inspecteur de ce ministère et trouvé exempt de la contagion de la gale. Toutefois, si l'inspecteur le juge à propos, cet animal pourra être détenu, immergé, arrosé ou autrement traité selon que le directeur vétérinaire général le prescrira de temps à autre.

3. Aucune compagnie de chemin de fer n'acceptera ni ne chargera des animaux à aucun endroit dans les limites de la dite région, sauf pour abattage immédiat, comme le veut l'article 7, à moins que ce chargement ne soit accompagné du certificat d'un inspecteur comme susdit.

4. Quel que soit l'endroit où seront déchargés des animaux originaires de la dite région, ils seront mis dans des enclos spéciaux, et ces enclos ne serviront à rien autre chose, et seront nettoyés et désinfectés comme le prescrira un inspecteur.

5. Tous les wagons et autres véhicules employés au transport de ces animaux seront nettoyés et désinfectés à la satisfaction d'un inspecteur aussitôt que possible après avoir été déchargés et avant de servir au transport d'autres animaux.

6. Tous les envois et connaissements qui accompagnent des chargements d'animaux originaires de la dite région, porteront à leur face, lisiblement écrit ou timbré, un avis que les dits wagons doivent être nettoyés et désinfectés aussitôt après avoir été déchargés.

7. Les animaux atteints de la gale ou qui ont été exposés à la contagion de cette maladie, pourront être expédiés pour être immédiatement abattus à des endroits dans la région ci-dessus décrite, aux conditions suivantes :—

1° Ils seront chargés d'enclos spéciaux et de chutes réservés exclusivement à ces envois ; ils ne devront

pas venir en contact avec d'autres animaux ; ils seront consignés directement qu'aux abattoirs dans la région décrite qui seront munis d'enclos et de chutes privées ; ils ne seront déchargés nulle part en route, et ne seront, sous aucun prétexte sortis vivants de l'abattoir ou de l'enclos et lieux reliés à ces abattoirs.

2° Les wagons transportant ses animaux seront nettoyés et désinfectés à la satisfaction d'un inspecteur, immédiatement après avoir été déchargés.

8. Le passage des animaux à travers la dite région, est permis par le présent, sujet aux règlements suivants :—

1° Les animaux traversant par rail la dite région d'une partie du Canada à une autre, seront, aux endroits où il est nécessaire de les débarquer, placés dans des enclos réservés à leur usage exclusif, et il ne sera pas permis de les laisser venir en contact avec des animaux qui sont originaires de la dite région.

2° Les animaux importés des Etats-Unis dans la dite région et destinés à des points en Canada en dehors de la dite région, en se conformant aux règlements quaranténaires, et aux dispositions de l'article immédiatement suivant, pourront, sans délai inutile traverser la dite région directement à leur destination sans autres restrictions.

Toutes les personnes engagées dans l'élevage, le trafic, le commerce ou l'expédition des animaux, et toutes les compagnies de transport, sont priées de coopérer avec ce ministère pour mettre le présent arrêté à exécution.

Sous-ministre de l'Agriculture.

LONDON, 9th August, 1904.

My telegram of February 10th rules for observance of neutrality published in *London Gazette* February 11th lay down in rule 3 to what extent coal might be supplied to belligerent warships in British ports during the present war. It must be borne in mind that reason for practice of admitting belligerent ships of war into neutral ports arises out of exigencies of life at sea and the hospitality which it is customary to extend to vessels of friendly powers and that this principle does not extend to enabling such vessel to utilize neutral port directly for the purpose of hostile operations. H. M. G. have decided that rule above mentioned is not to be understood as having any application to case of belligerent fleet proceeding either to the seat of war or to any position or positions on the line of route with the object of intercepting ships or suspicious of carrying contraband of war. Such fleet cannot be permitted to make use in any way of any British ports for the purpose of coaling either directly from the shore or from colliers accompanying fleet whether vessels of the fleet present themselves at the port at the same time or successively. H. M. G. further direct that the same practice be pursued with reference to single belligerent ships of war if it is clear that they are proceeding for the purpose of belligerent operations as above defined. This is not to be applied to the case of a vessel putting in on account of actual distress at sea.

Mr. Lyttelton à Lord Minto.

De l'honorable Secrétaire d'Etat pour les Colonies à Lord Minto.

LONDRES, 9 août 1904.

Mon télégramme du 10 février, règles pour l'observation de la neutralité publiées dans la *London Gazette* du 11 février, explique à la règle 3 jusqu'à quel point le charbon peut être fourni aux navires de guerre belligérants dans des ports britanniques dans le cours de la guerre actuelle. Il faut se rappeler que la pratique d'admettre des navires de guerre belligérants dans des ports neutres provient des exigences de la vie en mer et l'hospitalité qu'il est de coutume d'offrir à des vaisseaux de puissances amies, et que ce principe ne va pas jusqu'à permettre à ces vaisseaux d'utiliser un port neutre directement pour des fins d'opérations hostiles. Le G. de S. M. a décidé que la règle précitée ne doit pas s'entendre s'appliquer aucunement au cas d'une flotte belligérante se rendant soit au siège de la guerre ou à une position ou des positions sur la ligne de route dans le but d'intercepter des navires, ou soupçonnés de porter de la contrebande de guerre. On ne doit pas permettre à une telle flotte de se servir d'une manière quelconque d'aucuns des ports britanniques dans le but de prendre du charbon soit directement du rivage ou de charbonniers qui accompagnent la flotte, que des vaisseaux de la flotte se présentent au port en même temps ou successivement. Le G. de S. M. ordonne de plus que la même pratique soit suivie au sujet de navires de guerre belligérants seuls s'il est évident qu'ils se rendent à des opérations belligérantes comme définies plus haut. Ceci ne s'applique pas au cas d'un vaisseau se réfugiant dans un port à cause de désastre en mer.

AVIS AUX NAVIGATEURS.

No. 62 de 1904.

(Avis de l'Atlantique No. 37.)

Tous les relèvements, à moins d'avis contraire, sont magnétiques et sont données venant de la mer, les milles sont des milles marins, les hauteurs sont au-dessus des hautes eaux, et toutes les profondeurs sont à l'eau basse moyenne.

QUÉBEC.

(165) GOLFE SAINT-LAURENT—EXTRÉMITÉ EST
D'ANTICOSTI—BATEAU-FEU.

Un bateau-feu a été établi par le gouvernement du Canada au large de la Pointe Heath, Anticosti. Il est mouillé dans environ 22 brasses, à 8 milles S. 47° E. de la Pointe Heath.

Lat. N. 49° 3' 0''
Long. O. 61 30 30

Partant du bateau-feu, le Cap Est, Anticosti, est dans une direction N. 22° O. 8 milles ; et la Pointe Cormorant, Anticosti, N. 57° O. 12 $\frac{1}{2}$ mille.

Le bateau-feu est un steamer en acier, avec deux mâts sans beaupré. La coque est rouge avec le mot "Anticosti" en lettres blanches de chaque côté, et le numéro du vaisseau "No. 15" sur chaque bossoir. La galerie sous les lanternes à chaque tête de mât, la cheminée, et le signal de brume entre les mâts, sont tous peints en rouge.

Trois lanternes lenticulaires du septième ordre entourent chaque tête de mât, à une élévation de 60 pieds au-dessus de l'eau. Elles montreront des feux électriques, brillants pendant 10 secondes et éclipsés pendant

5 secondes alternativement. Ces feux devraient être visibles à 13 milles de tous les points d'approche. Si pour quelque cause les appareils des feux électriques se dérangent, des feux blancs fixes à l'huile, de moindre intensité, seront montrés.

Un diaphone, actionné par l'air comprimé, servira comme signal de brume. Il donnera deux coups de 4½ secondes, séparés par un intervalle de 55½ secondes. S'il se dérangerait, des coups de semblable durée et fréquence seront sonnés par un sifflet. Si tous les deux venaient à se déranger une cloche sera sonnée à la main.

Candidates who fail to obtain 100 marks, but are reported by the Civil Service Commissioners to have reached a minimum standard of proficiency in riding, and are certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, will, on their arrival in India, be subjected to such further tests in riding as may be prescribed by their Government, and shall receive no increase to their initial salary until they have passed such tests to the satisfaction of that Government.

A Candidate who fails at the end of the year of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding, will be liable to have his name removed from the list of Selected Candidates.

11. The selected Candidates who, on examination shall be found to have a competent knowledge of the subjects specified in Regulation 9, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, character, conduct during the period of probation, and ability to ride, shall be certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, provided they shall comply with the regulations in force, at the time, for that Service.

12. Persons desirous to be admitted as Candidates, must apply on Forms, which may be obtained from "The Secretary, Civil Service Commission, London, W.," at any time after the 1st December, in the year previous to that in which the Examination is to be held. The Forms must be returned so as to be received at the office of the Civil Service Commissioners on or before the 1st July (or, if that date should fall upon a Sunday or public holiday, then, on or before the first day thereafter on which their office is open), in the year in which the Examination is to be held.

The Civil Service Commissioners are authorized by the Secretary of State for India in Council to make the following announcements :—

(i.) Selected Candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes ; but the requirements of the Public Service will rank before every other consideration.

(ii.) An allowance amounting to £100 will be given to all Candidates who pass their probation at one of the Universities or Colleges which have been approved by the Secretary of State, viz., the Universities of Oxford, Cambridge, Dublin, Glasgow, Edinburgh, St. Andrews, and Aberdeen ; Victoria University, Manchester ; University College, London ; and King's College, London ; provided such Candidates shall have passed the Final Examination to the satisfaction of the Civil Service Commissioners, and shall, in the opinion of the Secretary of State, have conducted themselves well and complied with such rules as may be laid down for the guidance of Selected Candidates. The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

(iii.) The allowance of £100 will not be paid to any Selected Candidate until he has been certified by the Civil Service Commissioners to be entitled to be appointed to the Civil Service of India ; and every Certificated Candidate must, before receiving his allowance, give a written undertaking to refund the amount in the event of his failing to proceed to India.

(iv.) All Candidates obtaining Certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force, they may be required to make towards their own pensions or for the pensions of their families. The stamps payable on these covenants amount to £1.

(v.) The seniority in the Civil Service of India of the Selected Candidates will be determined according to the order in which they stand on the list resulting from the combined marks of the Open Competitive and Final Examinations.

(vi.) Selected Candidates will be required to report their arrival in India within such period after the grant of their Certificate of Qualification as the Secretary of State may in each case direct.

(vii.) Candidates rejected at the Final Examination held in any year will in no case be allowed to present themselves for re-examination.

N. B.—A Manual of Rules and Regulations applicable to members of the covenanted Civil Service of India has been compiled by permission of the Government of India and may now be procured either from Messrs. A. Constable & Co., 2, Whitehall Gardens, S. W., or from Mr. E. A. Arnold, 37, Bedford Street, Covent Garden. Price, 2s. 6d.

The Commissioners have been requested by the Secretary of State for India to draw the attention of Selected Candidates to the prefatory note attached to this manual, as it is considered important that it should be clearly understood that this compilation is not to be regarded in any other light than that of a collection, made for facility of reference, of certain information and rules, that it is by no means exhaustive, and that it is liable to such modifications as may from time to time be sanctioned by competent authority.

PRESENT :
HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 10th August, 1904, from the Minister of the Interior, submitting that Messrs. Jukes and Ducker, Commissioners appointed for the purpose of making a selection of Swamp Lands in the Province of Manitoba to be granted to that Province under the provisions of section 4, chapter 47, Revised Statutes of Canada, made a joint report dated 15th December, 1899, in which they submitted in accordance with the terms of the Order in Council of 27th February, 1899, a schedule of lands examined by them for the purpose mentioned comprising an area of 278,303.31 acres.
The Minister states that of the area thus examined the Commissioners found an area of 156,315.79 acres falling to the Province as Swamp Lands.
That by Order in Council dated 26th April, 1902, there was vested in His Majesty King Edward the Seventh for the purposes of the Province of Manitoba an area of 20,744.01 acres, being lands forming a portion of the above area of 156,315.79 acres which were found available according to the records of the Department of the Interior.
The Minister submits the schedule annexed hereto of lands forming a further portion of the said area of 156,315.79 acres classed by the Commissioners as Swamp Lands and containing a total area of 5,584 acres.
The Minister further states that these lands were lands included within a tract for which a reservation for Park purposes was applied for by petition of the Council of the Town of Portage la Prairie, dated 16th April, 1900, but inasmuch as the lands included in the said schedule herewith had previously been classed by

the Swamp Lands Commissioners as Swamp Lands and as the Manitoba Government has now requested that these lands be transferred to the Province, the Minister, having satisfied himself of the accuracy of the schedule, recommends that the lands enumerated therein be vested in His Majesty King Edward the Seventh for the purposes of the Province of Manitoba under the provisions of the fourth section of chapter forty-seven of the Revised Statutes of Canada.
The Committee submit the same for approval.
JOHN J. MCGEE,
Clerk of the Privy Council.

Wednesday, the 17th day of August, 1904.

PRESENT :
HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.
ON a Report, dated 10th August, 1904, from the Minister of the Interior, submitting that Messrs. Jukes and Ducker, Commissioners appointed for the purpose of making a selection of Swamp Lands in the Province of Manitoba, to be granted to that Province under the provisions of section 4, chapter 47, Revised Statutes of Canada, have made a joint report dated 12th May, 1903, in which they submit, in accordance with the terms of the Order in Council in that behalf of the 19th June, 1886, and amending Order in Council of 27th February, 1899, a schedule of lands examined by them for the purpose mentioned, comprising an area of 121,120 acres.
The Minister states that of the area thus examined the Commissioners find an area of 92,960 acres falling to the Province as Swamp Lands.
That by a comparison of a schedule furnished by the Commissioners with the books of the Department of the Interior and its agencies in Manitoba it has been found that the total area of 92,960 acres selected as such Swamp Lands is available.
The Minister further states that of the area of 92,960 acres available 87,840 acres are unsurveyed, leaving an area of 5,120 acres available for transfer to the Province. The lands comprising, according to the report of the Commissioners, this area of 5,120 acres, when the areas are corrected in accordance with the plan of survey of the Township in which the lands

are situated, are found, however, to comprise a total area of 5,127 acres.

The Minister submits the schedules hereto attached marked "A" and "B" respectively, of the lands included in the schedule of the Commissioners and which are found available, comprising an area of 97,967 acres, and having satisfied himself of the accuracy of these schedules, he recommends that the lands enumerated in the schedule marked "A" and comprising an area of 5,127 acres be vested in His Majesty King Edward the Seventh for the purposes of the Province of Manitoba, under the provisions of the fourth section of chapter 47 of the Revised Statutes of Canada, and that the lands enumerated in the schedule marked "B" and comprising an area estimated at 87,840 acres, be reserved for the purposes of transfer to the Province of Manitoba, and that when the Surveyor General reports these lands surveyed, title to them be vested in the Province.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 13th day of August, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

THE Sub-Committee of Council report that by an Order in Council dated 9th May, 1894, a Cattle Quarantine Reservation was made of a tract of land described as "all that triangular tract of country bounded on the west by the main stream of Willow Creek, on the east by the north fork of the same Creek, and on the north by a small creek or coulee emptying into the said north fork."

The Sub-Committee further report that representations have been made by the officers of the Government charged with the enforcement of the Cattle Quarantine Regulations in the North-west Territories that the reservation above described is not as suitable for the purpose for which it is intended as would be Townships 1 in Ranges 28 and 29 west of the 3rd Meridian.

The Sub-Committee therefore recommend, in the public interest, that Townships 1 in Ranges 28 and 29, west of the 3rd Meridian, be set apart as a Cattle Quarantine Reserve in lieu of the tract of country above described and set apart by Order in Council of the 9th May, 1894.

The Sub-Committee further recommend that these two Townships be set apart exclusively for Cattle Quarantine purposes, and that no settlers or squatters be permitted thereon.

The Committee concurring in the above report, recommend that the same be approved.

Clerk of the Privy Council.

De plus, que les règlements suivants, concernant les factures et l'expédition des marchandises pour exportation au Canada, soient faits et établis, et soient exécutoires à compter du 1er octobre 1904, savoir :—

Des factures en double, convenablement attestées, seront délivrées à la douane avec les déclarations à l'entrée pour toutes marchandises importées.

Chaque telle facture contiendra une description suffisante et exacte des marchandises, et à l'égard des marchandises vendues par l'exportateur elle indiquera dans une colonne le prix actuel auquel les marchandises ont été vendues à l'importateur, et dans une colonne séparée la juste valeur courante de chaque article tel que vendu pour la consommation locale dans le pays d'exportation.

Le "prix" et la "valeur" donnés dans chaque cas qui précède doivent être les prix et valeur de marchandises emballées prêtes à être expédiées au temps et à l'endroit d'où elles ont été exportées directement au Canada.

Lorsque la valeur des marchandises pour le paiement des droits est déterminée par le ministre des Douanes, en vertu de l'Acte des douanes, en raison de ce que les marchandises sont exportées ou importées dans des conditions extraordinaires, la valeur ainsi déterminée sera censée être leur juste valeur courante.

Le certificat suivant de valeur est prescrit pour les factures de marchandises vendues et exportées au Canada, lesquelles factures seront signées par l'exportateur ou par un associé, officier ou employé de l'exportateur qui connaît les faits attestés, et sera écrit, imprimé ou estampé sur la facture.

La déclaration suivante devra être faite par le propriétaire étranger ou exportateur ou son agent dans le pays d'où les marchandises sont exportées à l'égard de marchandises expédiées au Canada en consignment sans vente par l'exportateur préalablement à l'expédition,—dans les pays britanniques elle sera attestée devant un percepteur des douanes, un notaire public ou autre fonctionnaire autorisé à faire prêter serment ; et dans les autres pays devant un consul britannique ou autre, un notaire public ou autre fonctionnaire autorisé à faire prêter serment.

IL plaît au Gouverneur général en conseil, en vertu de l'Acte des douanes, d'ordonner que les règlements généraux concernant les drawbacks approuvés et adoptés par l'arrêté du Gouverneur général en conseil du 2 de novembre 1894, soient et ils sont par le présent abrogés, et que les règlements généraux suivants concernant les drawbacks sur des articles manufacturés ou produits complètement ou partiellement de matières importées, soient et ils sont par le présent faits et établis, et seront exécutoires à compter du 1er juillet 1904, au sujet des articles exportés du Canada :—

(1) Quand des matières importées sur lesquelles des droits ont été payés, sont employées, ouvrées ou attachées à aucun article manufacturé en Canada, il peut être alloué lors de l'exportation de ces articles au delà des limites du Canada un drawback de quatre-vingt-dix-neuf pour cent des droits payés sur les matières employées, ouvrées ou attachées aux articles importés ; pourvu toutefois, que ce drawback ne sera pas payé à moins que le droit ait été payé sur les matières ainsi employées comme susdit sous trois ans de la date de

(185) GOLFE SAINT-LAURENT—AU LARGE DE LA
POINTE EST D'ANTICOSTI—CLOCHE SOUS-
MARINE ÉTABLIE AU BATEAU-FEU.

Le bateau-feu d'Anticosti a été muni d'une cloche sous-marine qui, dans les temps brumeux, donnera des coups (indiquant le numéro du bateau-feu "15") comme suit:—Un coup, suivi d'un intervalle de quatre secondes, et ensuite cinq coups à des intervalles d'une seconde, suivi d'un intervalle de dix secondes. Les vaisseaux équipés d'un appareil receveur devraient pouvoir entendre la cloche à une distance de cinq milles et déterminer sa direction d'un quart de point. Les vaisseaux qui ne sont pas ainsi équipés devraient recevoir un signal avertisseur lorsqu'ils sont à une distance de un ou deux milles, suivant la construction du vaisseau. Ce signal devrait être entendu d'un observateur au dessous de fleur de l'eau et près de la coque du vaisseau.

Des instructions ont été données de sonner la cloche à l'approche d'un vaisseau en dedans de cinq milles du bateau-feu. Les capitaines de vaisseaux sont priés de dire à quelle distance la cloche a été entendue, et tout autre renseignement qui pourrait concerner ce nouvel aide à la navigation.

(Avis de l'Atlantique No. 37.)

(165) GOLFE SAINT-LAURENT—EXTRÉMITÉ EST
D'ANTICOSTI—BATEAU-FEU.

Un bateau-feu a été établi par le gouvernement du Canada au large de la Pointe Heath, Anticosti. Il est mouillé dans environ 22 brasses, à 8 milles S. 47° E. de la Pointe Heath.

Lat. N. 49° 3' 0''
Long. O. 61 30 30

Partant du bateau-feu, le Cap Est, Anticosti, est dans une direction N. 22° O. 8 milles; et la Pointe Cormorant, Anticosti, N. 57° O. 12 $\frac{1}{4}$ mille.

Le bateau-feu est un steamer en acier, avec deux mâts sans beaupré. La coque est rouge avec le mot "Anticosti" en lettres blanches de chaque côté, et le numéro du vaisseau "No. 15" sur chaque bossoir. La galerie sous les lanternes à chaque tête de mât, la cheminée, et le signal de brume entre les mâts, sont tous peints en rouge.

Trois lanternes lenticulaires du septième ordre entourent chaque tête de mât, à une élévation de 60 pieds au-dessus de l'eau. Elles montreront des feux électriques, brillants pendant 10 secondes et éclipsés pendant 5 secondes alternativement. Ces feux devraient être visibles à 13 milles de tous les points d'approche. Si pour quelque cause les appareils des feux électriques se dérangeaient, des feux blancs fixes à l'huile, de moindre intensité, seront montrés.

Un diaphone, actionné par l'air comprimé, servira comme signal de brume. Il donnera deux coups de 4 $\frac{1}{2}$ secondes, séparés par un intervalle de 55 $\frac{1}{2}$ secondes. S'il se dérangeait, des coups de semblables durée et fréquence seront sonnés par un sifflet. Si tous les deux venaient à se déranger une cloche sera sonnée à la main.

The stamps payable on these covenants amount to £1.

(v.) The seniority in the Civil Service of India of the Selected Candidates will be determined according to the order in which they stand on the list resulting from the combined marks of the Open Competitive and Final Examinations.

(vi.) Selected Candidates will be required to report their arrival in India within such period after the grant of their Certificate of Qualification as the Secretary of State may in each case direct.

N. B.—A Manual of Rules and Regulations applicable to members of the covenanted Civil Service of India has been compiled by permission of the Government of India and may now be procured either from Messrs. A. Constable & Co., 2, Whitehall Gardens, S. W., or from Mr. E. A. Arnold, 37, Bedford Street, Covent Garden. Price, 2s. 6d.

The Commissioners have been requested by the Secretary of State for India to draw the attention of Selected Candidates to the prefatory note attached to this manual, as it is considered important that it should be clearly understood that this compilation is not to be regarded in any other light than that of a collection, made for facility of reference, of certain information and rules, that it is by no means exhaustive, and that it is liable to such modifications as may from time to time be sanctioned by competent authority.

ORDERS IN COUNCIL.

[Ref. 931,051.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 17th day of August, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report, dated 5th August, 1904, from the Minister of the Interior, stating that by an Order in Council dated the 31st May, 1902, certain lands surrounding Coquitlam Lake in the Province of British Columbia, and fully described in that Order, were sold to the City Council of New Westminster at a nominal price, for the purpose of protecting from contamination the waters of that Lake from which the City obtains its domestic supply.

The Minister submits that the sale of this land, however, did not convey to the Corporation of the City of New Westminster the timber within the area sold, and as the disposal of the timber might defeat the purpose for which the land was sold to the Corporation, the Minister is of the opinion that the public interests would best be served by reserving this timber from sale, and he recommends accordingly.

The Committee submit the same for approval.

JOHN J. MCGEE,

Clerk of the Privy Council.

[Ref. 931,065.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 17th day of August, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

WHEREAS a requisition has been received from His Honour the Lieutenant Governor of the North-west Territories in Council, under the provisions of section 108 of the North-west Territories Act, as amended by section 19, 60-61 Vic. chap. 28, for the survey of the old trail from St. Albert and Fort Saskatchewan to Victoria, north of the Saskatchewan River, which trail existed as such prior to the subdivision of the land into sections.

Therefore the Governor General in Council is pleased to authorize the survey of the said trail, and the same is hereby authorized accordingly.

JOHN J. MCGEE,

12-4

Clerk of the Privy Council.

[Ref. 931,574.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 13th day of August, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 8th of August, 1904, from the Minister of the Interior, stating that an application has been submitted by the Reinland Mennonite Association of Manitoba for the setting aside of certain Townships in the vicinity of Swift Current in the District of Assiniboia, for the purpose of establishing a Mennonite Colony. It is urged by the petitioners in support of the application that the Mennonite community of Manitoba are anxious to facilitate the settlement of their claim by young men who are desirous of locating in the North-west Territories, and with that object in view it is their intention to make them such monetary advances, and afford them such other facilities as will enable the persons who will locate on the new colony to make a success of their enterprise. The lands applied for consist of all available odd and even-numbered sections within Townships 13 and 14, Range 12, Townships 12, 13 and 14, Range 13, and the east halves of Townships 12 and 13, Range 14, all west of the 3rd Meridian. These lands for the most part, with the exception of such odd-numbered sections as have been accepted by the Canadian Pacific Railway Company, are vacant. They are reported as not being of a class which would make them suitable for farming by ordinary settlers, no demand therefore having, on that account, been received by the Department of the

Interior. As a matter of fact the Department has not felt warranted in encouraging new settlers to locate within this district, but the association, guided as it is by the results which have attended the efforts of the Mennonite community in other parts of Manitoba and the North-west Territories in founding colonies, is satisfied that under the plan which it is proposed to follow they will be able to work the lands applied for with success.

The Minister is of opinion that under the circumstances it would be in the interest of the public, and especially of the district in which it is proposed to found this colony, to grant the application of the petitioners, and he therefore recommends that all the lands including both the odd and even-numbered sections, remaining at the disposal of the Government within Townships 13 and 14, Range 12, Townships 12, 13 and 14, Range 13, and the east halves of Townships 12 and 13, Range 14, all west of the 3rd Meridian, be set aside as a reserve for the establishment of a colony by the Reinland Mennonite Association of Manitoba, the terms of such reserve to be that no one, unless aided by the association, or otherwise approved by the Department of the Interior, is to be allowed to make homestead entry within the tract mentioned, and that such reserve shall be continued for a period of three years from the date of the present Order in Council. The nominees of the association will, at their option, homestead either the odd or even-numbered sections.

The Minister further recommends that the association be permitted, upon causing the four quarters of any even numbered section to be homesteaded, to contract for the purchase of an adjoining odd-numbered section at \$3 00 per acre in ten annual instalments, with interest at the rate of 5% per annum upon the unpaid balance, no patent for the purchased section or part thereof to be issued until the homestead duties have been performed upon the adjoining section or a proportional part thereof in respect of which the privilege of buying the odd-numbered section has been given.

The Committee submit the same for approval.

JOHN J. MCGEE,

12-4

Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 17th day of August, 1904

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 10th August, 1904, from the Minister of the Interior, submitting that Messrs. Jukes and Ducker, Commissioners appointed for the purpose of making a selection of Swamp Lands in the Province of Manitoba to be granted to that Province under the provisions of section 4, chapter 47, Revised Statutes of Canada, made a joint report dated 15th December, 1899, in which they submitted in accordance with the terms of the Order in Council of 27th February, 1899, a schedule of lands examined by them for the purpose mentioned comprising an area of 278,303.31 acres.

The Minister states that of the area thus examined the Commissioners found an area of 156,315.79 acres falling to the Province as Swamp Lands.

That by Order in Council dated 26th April, 1902, there was vested in His Majesty King Edward the Seventh for the purposes of the Province of Manitoba an area of 20,744.01 acres, being lands forming a portion of the above area of 156,315.79 acres which were found available according to the records of the Department of the Interior.

The Minister submits the schedule annexed hereto of lands forming a further portion of the said area of 156,315.79 acres classed by the Commissioners as Swamp Lands and containing a total area of 5,584 acres.

The Minister further states that these lands were lands included within a tract for which a reservation for Park purposes was applied for by petition of the Council of the Town of Portage la Prairie, dated 16th April, 1900, but inasmuch as the lands included in the said schedule herewith had previously been classed by

the Swamp Lands Commissioners as Swamp Lands and as the Manitoba Government has now requested that these lands be transferred to the Province, the Minister, having satisfied himself of the accuracy of the schedule, recommends that the lands enumerated therein be vested in His Majesty King Edward the Seventh for the purposes of the Province of Manitoba under the provisions of the fourth section of chapter forty-seven of the Revised Statutes of Canada.

The Committee submit the same for approval.

JOHN J. MCGEE,

Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 17th day of August, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report, dated 10th August, 1904, from the Minister of the Interior, submitting that Messrs. Jukes and Ducker, Commissioners appointed for the purpose of making a selection of Swamp Lands in the Province of Manitoba, to be granted to that Province under the provisions of section 4, chapter 47, Revised Statutes of Canada, have made a joint report dated 12th May, 1903, in which they submit, in accordance with the terms of the Order in Council in that behalf of the 19th June, 1886, and amending Order in Council of 27th February, 1899, a schedule of lands examined by them for the purpose mentioned, comprising an area of 121,120 acres.

The Minister states that of the area thus examined the Commissioners find an area of 92,960 acres falling to the Province as Swamp Lands.

That by a comparison of a schedule furnished by the Commissioners with the books of the Department of the Interior and its agencies in Manitoba it has been found that the total area of 92,960 acres selected as such Swamp Lands is available.

The Minister further states that of the area of 92,960 acres available 87,840 acres are unsurveyed, leaving an area of 5,120 acres available for transfer to the Province. The lands comprising, according to the report of the Commissioners, this area of 5,120 acres, when the areas are corrected in accordance with the plan of survey of the Township in which the lands

are situated, are found, however, to comprise a total area of 5,127 acres.

The Minister submits the schedules hereto attached marked "A" and "B" respectively, of the lands included in the schedule of the Commissioners and which are found available, comprising an area of 97,967 acres, and having satisfied himself of the accuracy of these schedules, he recommends that the lands enumerated in the schedule marked "A" and comprising an area of 5,127 acres be vested in His Majesty King Edward the Seventh for the purposes of the Province of Manitoba, under the provisions of the fourth section of chapter 47 of the Revised Statutes of Canada, and that the lands enumerated in the schedule marked "B" and comprising an area estimated at 87,840 acres, be reserved for the purposes of transfer to the Province of Manitoba, and that when the Surveyor General reports these lands surveyed, title to them be vested in the Province.

The Committee submit the same for approval.

Saturday, the 13th day of August, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

THE Sub-Committee of Council report that by an Order in Council dated 9th May, 1894, a Cattle Quarantine Reservation was made of a tract of land described as "all that triangular tract of country bounded on the west by the main stream of Willow Creek, on the east by the north fork of the same Creek, and on the north by a small creek or coulee emptying into the said north fork."

The Sub-Committee further report that representations have been made by the officers of the Government charged with the enforcement of the Cattle Quarantine Regulations in the North-west Territories that the reservation above described is not as suitable for the purpose for which it is intended as would be Townships 1 in Ranges 28 and 29 west of the 3rd Meridian.

The Sub-Committee therefore recommend, in the public interest, that Townships 1 in Ranges 28 and 29, west of the 3rd Meridian, be set apart as a Cattle Quarantine Reserve in lieu of the tract of country above described and set apart by Order in Council of the 9th May, 1894.

The Sub-Committee further recommend that these two Townships be set apart exclusively for Cattle Quarantine purposes, and that no settlers or squatters be permitted thereon.

The Committee concurring in the above report, recommend that the same be approved.

(2.) Encore, à la fin de l'examen final, les candidats qui auront convaincu les commissaires de leur capacité de bien monter et de faire de longs voyages à cheval, recevront un certificat qui leur donnera droit à 200 ou 100 points selon le degré d'habileté déployé, et ces points seront ajoutés à leurs coefficients à l'examen final.

(3.) Les candidats qui manquent d'obtenir ce certificat, mais qui gagnent un certificat du minimum d'habileté en équitation, auront la faculté de se rendre à l'Inde, mais ils seront assujétis à leur arrivée là à telles autres épreuves en équitation que leur gouvernement pourra prescrire, et ils ne recevront pas d'augmentation à leurs appointements primitifs avant d'avoir passé ces épreuves à la satisfaction du dit gouvernement. Un candidat qui, à la fin de l'année de stage manque d'obtenir au moins un certificat du minimum d'habileté en équitation, sera exposé à voir son nom rayé de la liste des candidats choisis.

Le règlement suivant s'appliquera aux candidats choisis aux concours ouverts tenus en 1905 et les années suivantes :—

10. Les candidats choisis subiront aussi durant leur stage une épreuve sur l'équitation.

Les examens sur l'équitation auront lieu comme suit :—

(1.) Peu après que le résultat de l'examen du concours ouvert aura été déclaré, ou aux époques que les commissaires fixeront dans le cours de l'année de stage.

(2.) Encore, à la fin de l'examen final, les candidats qui auront convaincu les commissaires de leur capacité de bien monter et de faire de longs voyages à cheval, recevront de 100 à 200 marques, selon le degré d'habileté déployé, et ces points seront ajoutés à leurs coefficients à l'examen final. Les candidats qui manquent d'obtenir 100 marques, mais que les commissaires du service civil reconnaissent avoir atteint un degré minimum d'habileté en équitation et dignes d'être nommés au Service Civil de l'Inde, seront, à leur arrivée à l'Inde soumis aux autres épreuves en équitation que leur gouvernement pourra prescrire, et ne recevront aucune augmentation à leurs appointements primitifs, avant d'avoir passé ces épreuves à la satisfaction du dit gouvernement. Un candidat qui à la fin de son année de stage, manque de démontrer aux commissaires du service civil qu'il a atteint un minimum d'habileté en équitation, sera exposé à voir son nom rayé de la liste des candidats choisis.

11. Les candidats choisis qui, à l'examen final, feront preuve d'une connaissance parfaite des sujets spécifiés dans la règle 9, et qui auront fourni aux Commissaires du Service Civil des certificats satisfaisants d'âge, de santé, de moralité, de conduite pendant leur stage, et de leur habileté à monter à cheval, recevront des dits commissaires un certificat attestant qu'ils sont aptes à entrer dans le Service Civil de l'Inde, pourvu qu'ils se conforment aux règlements alors en vigueur dans ce service.

12. Les personnes qui désirent être reçues candidats doivent le demander sur les formules que l'on peut obtenir du Secrétaire de la Commission du Service Civil, London, W., en tout temps après le 1er décembre, de l'année qui précédera l'examen. Les formules doivent être renvoyées de façon à être reçues au bureau des Commissaires du Service Civil le ou avant le 1er juillet (ou, si cette date tombe un dimanche ou un jour de fête publique, alors le ou avant le premier jour ensuivant auquel leur bureau est ouvert) de l'année où l'examen doit avoir lieu.

Les Commissaires du Service Civil sont autorisés par le Secrétaire d'Etat pour l'Inde en conseil, à donner les avis suivants :—

(i) Les candidats choisis seront assignés aux diverses provinces d'après considération de toutes les circonstances, y compris leurs propres désirs; mais les exigences du service primeront toujours.

(ii) Une allocation de £100 sera faite à tous candidats qui font leur stage à l'une des universités ou collèges approuvés par le Secrétaire d'Etat, savoir, les universités d'Oxford, Cambridge, Dublin, Glasgow, Edimbourg, St. Andrews et Aberdeen; l'Université Victoria, Manchester, l'University College, Londres; et King's College, Londres; pourvu que ces candidats aient passé l'examen final à la satisfaction des Commissaires du Service Civil, et, de l'avis du Secrétaire d'Etat, se soient bien conduits, et se soient conformés aux règlements établis pour la gouverne des candidats choisis. Tout le stage doit ordinairement se faire à la même institution. La migration ne sera permise que pour des raisons spéciales approuvées par le Secrétaire d'Etat.

(iii) L'allocation de £100 ne sera payée au candidat choisi qu'après que les Commissaires du Service Civil auront certifié qu'il a droit à être nommé au Service Civil de l'Inde; et chaque candidat admis devra, avant de recevoir son allocation, donner une garantie écrite de rembourser ce montant au cas où il ne se rendrait pas aux Indes.

(c) Des instructions indiquant la portée de l'examen seront distribuées aux candidats heureux aussitôt que possible après que le résultat du concours ouvert sera connu.

- (iv) Tous les candidats obtenant des certificats seront requis de consentir une obligation par laquelle, entr'autres choses, ils s'engageront à payer les sommes exigées par les règlements alors en force, qu'ils seront requis de payer pour leurs propres pensions et pour les pensions de leurs familles. Les timbres payables sur ces obligations coûteront £1.
- (v) L'ancienneté dans le Service Civil de l'Inde des candidats choisis sera déterminée selon l'ordre qu'ils occupent sur la liste résultant des notes réunies des examens de concours et final.
- (vi) Les candidats choisis seront requis de faire rapport de leur arrivée aux Indes à telle date, après l'émission de leur certificat d'aptitude, que le Secrétaire d'Etat prescrira dans chaque cas.
- (vii) Les candidats rejetés à l'examen final tenue dans une année quelconque, ne seront, en aucun cas, admis à se présenter pour un nouvel examen.

N.B.—Un manuel des règlements applicables aux membres réguliers du Service Civil de l'Inde a été compilé par permission du gouvernement de l'Inde, et on peut maintenant se le procurer chez MM. A. Constable & Cie, 2, Whitehall Gardens, S.W., ou chez M. E. A. Arnold, 37, rue Bedford street, Covent Garden. Prix 2s. 6d.

Le Secrétaire d'Etat de l'Inde a prié les commissaires d'attirer l'attention des candidats choisis à la note préliminaire contenue dans le dit manuel, vu qu'il est jugé important de bien faire comprendre que cette compilation n'est rien autre chose qu'un recueil, fait pour faciliter les renvois, de certains renseignements et règlements, qu'il n'est nullement complet, et qu'il est sujet à subir les changements que les autorités compétentes approuveront de temps à autre. 12-2

ARRETÉS EN CONSEIL.

HOTEL DU GOUVERNEMENT A OTTAWA

Mercredi, le 17e jour d'août 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 10 d'août 1904, du ministre de l'Intérieur, exposant que Messieurs Jukes et Ducker, commissaires nommés pour choisir les terrains marécageux qui seront attribués à la province du Manitoba en vertu des dispositions de l'art. 4 chap. 47, Statuts Révisés du Canada, ont fait un rapport conjoint daté le 15 de décembre 1899, dans lequel ils soumettent, conformément aux termes de l'arrêté en conseil du 27 février 1899, une liste des terrains qu'ils ont examinés dans le but susdit, comprenant une étendue de 288,303.31 acres.

Le Ministre dit que sur l'étendue ainsi examinée les commissaires constatent que 156,315.79 reviennent à la province comme terrains marécageux.

Que par un arrêté en conseil daté le 26 d'avril 1902, il a été attribué à Sa Majesté le roi Edouard VII, pour les fins de la province du Manitoba, une étendue de 20,744.01 acres, étant des terrains formant une partie de la susdite étendue de 156,315.79 acres qui furent trouvés disponibles d'après les registres du ministère de l'Intérieur.

Le Ministre soumet la liste ci-jointe des terrains formant une autre partie de la dite étendue de 156,315.79 acres, déclarés terrains marécageux par les commissaires, et contenant une étendue totale de 5,584 acres.

Le Ministre dit de plus que ces terrains étaient inclus dans une région que le conseil de la ville du Portage-la-Prairie avait demandé par pétition pour en faire un parc, le 16 avril 1900, mais vu que les terrains sur la dite liste ci-jointe avaient déjà été déclarés terrains marécageux par les commissaires, et que le gouvernement du Manitoba demande aujourd'hui que ces terrains soient transférés à la province du Manitoba, le Ministre, s'étant convaincu de l'exactitude de cette liste, recommande que les terrains énu-

mérés dans la dite liste, soient attribués à Sa Majesté le roi Edouard Sept pour les fins de la province du Manitoba, en vertu des dispositions de l'article quatre du chapitre quarante-sept des Statuts Révisés du Canada.

Le comité soumet ce qui précède à l'approbation.

JOHN J. MCGEE,
Greffier du Conseil privé.

HOTEL DU GOUVERNEMENT A OTTAWA.

Mercredi, le 17e jour d'août 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 10 août 1904, du ministre de l'Intérieur, exposant que Messieurs Jukes et Ducker, commissaires nommés pour choisir les terrains marécageux qui seront attribués à la province du Manitoba en vertu des dispositions de l'art. 4, chap. 47, Statuts Révisés du Canada, ont fait un rapport conjoint daté le 12 de mai 1903, dans lequel ils soumettent, conformément aux termes de l'arrêté en conseil à ce sujet du 19 juin 1886, et l'arrêté en conseil modificatif du 27 février 1899, une liste des terrains qu'ils ont examinés dans le but susdit, comprenant une étendue de 121,120 acres.

Le Ministre dit que sur l'étendue ainsi examinée les commissaires constatent que 92,960 acres reviennent à la province comme terrains marécageux.

En comparant les listes fournies par les commissaires avec les livres du ministère de l'Intérieur et ses agences au Manitoba, on a trouvé que l'étendue totale de 92,960 acres choisis comme tels terrains marécageux est disponible.

Le Ministre dit de plus que sur l'étendue de 92,960 acres disponibles 87,840 acres sont non arpentées, laissant une étendue de 5,120 acres disponibles pour être transférées à la province. Les terrains qui forment cette étendue de 5,120 acres, d'après le rapport des commissaires, se trouvent à former, toutefois, une étendue totale de 5,127 acres, après correction conformément au plan d'arpentage du township dans lequel les terrains sont situés.

Le Ministre soumet des listes revisées marquées A et B respectivement, de ceux des terrains compris dans les listes des commissaires qui sont trouvés disponibles, comprenant une étendue de 97,967 acres, et s'étant convaincu de l'exactitude de ces listes revisées, ci-jointes, le Ministre recommande que les terrains énumérés dans la liste marquée A et comprenant une étendue de 5,127 acres, soient attribués à Sa Majesté le roi Edouard Sept pour les fins de la province du Manitoba, en vertu des dispositions de l'article quatre du chapitre quarante-sept des Statuts Revisés du Canada, et que les terrains énumérés dans la liste marquée B et comprenant une étendue de 87,840 acres soient réservés afin d'être transférés à la province du Manitoba, et que lorsque l'Arpenteur général fera rapport que ces terrains sont arpentés, le titre à ces terrains soit attribué à la province.

Le comité soumet ce qui précède à l'approbation.

JOHN J. MCGEE,
Greffier du Conseil privé.

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Sur un rapport daté le 9 d'août 1904, du ministère de l'Intérieur, exposant que Messieurs Jukes et Ducker, commissaires nommés pour choisir les terrains marécageux dans la province du Manitoba qui seront attribués à cette province en vertu des dispositions de l'article 4, chapitre 47, Statuts Révisés du Canada, ont fait un rapport conjoint daté le 2 mars 1904, dans lequel ils soumettent, conformément aux termes de l'arrêté en conseil daté le 19 juin 1886, et l'arrêté en conseil modificatif du 27 février 1899, une liste

des terrains qu'ils ont examinés dans le but susdit, comprenant une étendue de 185,272.85 acres.

Le Ministre dit que sur l'étendue ainsi examinée les commissaires constatent que 55,678.24 acres reviennent à la province comme terrains marécageux.

En comparant la liste fournie par les commissaires avec les livres du ministère de l'Intérieur et ses agences au Manitoba, on a trouvé que sur l'étendue totale de 55,678.24 acres choisis comme tels terrains marécageux, une étendue de 13,098.01 acres est disponible.

Le Ministre soumet une liste révisée de ceux des terrains compris dans la liste des commissaires qui sont trouvés disponibles, comprenant une étendue de 13,098.01 acres, et s'étant convaincu de l'exactitude de cette liste révisée, le Ministre recommande que les terrains énumérés dans la dite liste, soient attribués à Sa Majesté le roi Edouard Sept pour les fins de la province du Manitoba, en vertu des dispositions de l'article quatre du chapitre quarante-sept des Statuts Révisés du Canada.

Le comité soumet ce qui précède à l'approbation.

(155) GOLFE SAINT-LAURENT—AU LARGE DE LA
POINTE EST D'ANTICOSTI—CLOCHE SOUS-
MARINE ÉTABLIE AU BATEAU-FEU.

Le bateau-feu d'Anticosti a été muni d'une cloche sous-marine qui, dans les temps brumeux, donnera des coups (indiquant le numéro du bateau-feu "15") comme suit :—Un coup, suivi d'un intervalle de quatre secondes, et ensuite cinq coups à des intervalles d'une seconde, suivi d'un intervalle de dix secondes. Les vaisseaux équipés d'un appareil receveur devraient pouvoir entendre la cloche à une distance de cinq milles et déterminer sa direction d'un quart de point. Les vaisseaux qui ne sont pas ainsi équipés devraient recevoir un signal avertisseur lorsqu'ils sont à une distance de un ou deux milles, suivant la construction du vaisseau. Ce signal devrait être entendu

d'un observateur au dessous de fleur de l'eau et près de la coque du vaisseau.

Des instructions ont été données de sonner la cloche à l'approche d'un vaisseau en dedans de cinq milles du bateau-feu. Les capitaines de vaisseaux sont priés de dire à quelle distance la cloche a été entendue, et tout autre renseignement qui pourrait concerner ce nouvel aide à la navigation.

Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

IN COUNCIL.

ON a Report, dated 5th August, 1904, from the Minister of the Interior, stating that by an Order in Council dated the 31st May, 1902, certain lands surrounding Coquitlam Lake in the Province of British Columbia, and fully described in that Order, were sold to the City Council of New Westminster at a nominal price, for the purpose of protecting from contamination the waters of that Lake from which the City obtains its domestic supply.

The Minister submits that the sale of this land, however, did not convey to the Corporation of the City of New Westminster the timber within the area sold, and as the disposal of the timber might defeat the purpose for which the land was sold to the Corporation, the Minister is of the opinion that the public interests would best be served by reserving this timber from sale, and he recommends accordingly.

The Committee submit the same for approval.

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

WHEREAS the Comptroller of the Royal North-west Mounted Police has made application for the reservation for Police purposes of the fractional South-west quarter of Section 12, Township 1, Range 25, west Fourth Meridian;

And whereas the land applied for having been with other lands reserved by Order in Council, as reservoirs for water storage, the Deputy Commissioner of Public Works of the North-west Territories at Regina was asked to report in regard to the reservation;

And whereas the said Deputy Commissioner has now reported that after careful consideration of the matter it is not thought that there should be any objection to the withdrawal of the reservation and the granting of the fractional quarter-section for Police purposes,—

Therefore the Governor General in Council is pleased to order that the reservation of the above mentioned fractional quarter-section be withdrawn and that the land be set aside for Police purposes.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 13th day of August, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 8th of August, 1904, from the Minister of the Interior, stating that an application has been submitted by the Reinland Mennonite Association of Manitoba for the setting aside of certain Townships in the vicinity of Swift Current in the District of Assiniboia, for the purpose of establishing a Mennonite Colony. It is urged by the petitioners in support of the application that the Mennonite community of Manitoba are anxious to facilitate the settlement of their claim by young men who are desirous of locating in the North-west Territories, and with that object in view it is their intention to make them such monetary advances, and afford them such other facilities as will enable the persons who will locate on the new colony to make a success of their enterprise. The lands applied for consist of all available odd and even-numbered sections within Townships 13 and 14, Range 12, Townships 12, 13 and 14, Range 13, and the east halves of Townships 12 and 13, Range 14, all west of the 3rd Meridian. These lands for the most part, with the exception of such odd-numbered sections as have been accepted by the Canadian Pacific Railway Company, are vacant. They are reported as not being of a class which would make them suitable for farming by ordinary settlers, no demand therefore having, on that account, been received by the Department of the

Interior. As a matter of fact the Department has not felt warranted in encouraging new settlers to locate within this district, but the association, guided as it is by the results which have attended the efforts of the Mennonite community in other parts of Manitoba and the North-west Territories in founding colonies, is satisfied that under the plan which it is proposed to follow they will be able to work the lands applied for with success.

The Minister is of opinion that under the circumstances it would be in the interest of the public, and especially of the district in which it is proposed to found this colony, to grant the application of the petitioners, and he therefore recommends that all the lands including both the odd and even-numbered sections, remaining at the disposal of the Government within Townships 13 and 14, Range 12, Townships 12, 13 and 14, Range 13, and the east halves of Townships 12 and 13, Range 14, all west of the 3rd Meridian, be set aside as a reserve for the establishment of a colony by the Reinland Mennonite Association of Manitoba, the terms of such reserve to be that no one, unless aided by the association, or otherwise approved by the Department of the Interior, is to be allowed to make homestead entry within the tract mentioned, and that such reserve shall be continued for a period of three years from the date of the present Order in Council. The nominees of the association will, at their option, homestead either the odd or even-numbered sections.

The Minister further recommends that the association be permitted, upon causing the four quarters of any even numbered section to be homesteaded, to contract for the purchase of an adjoining odd-numbered section at \$3 00 per acre in ten annual instalments, with interest at the rate of 5% per annum upon the unpaid balance, no patent for the purchased section or part thereof to be issued until the homestead duties have been performed upon the adjoining section or a proportional part thereof in respect of which the privilege of buying the odd-numbered section has been given.

The Committee submit the same for approval.

JOHN J. MCGEE,

12-4

Clerk of the Privy Council.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 10th August, 1904, from the Minister of the Interior, submitting that Messrs. Jukes and Ducker, Commissioners appointed for the purpose of making a selection of Swamp Lands in the Province of Manitoba to be granted to that Province under the provisions of section 4, chapter 47, Revised Statutes of Canada, made a joint report dated 15th December, 1899, in which they submitted in accordance with the terms of the Order in Council of 27th February, 1899, a schedule of lands examined by them for the purpose mentioned comprising an area of 278,303.31 acres.

The Minister states that of the area thus examined the Commissioners found an area of 156,315.79 acres falling to the Province as Swamp Lands.

That by Order in Council dated 26th April, 1902, there was vested in His Majesty King Edward the Seventh for the purposes of the Province of Manitoba an area of 20,744.01 acres, being lands forming a portion of the above area of 156,315.79 acres which were found available according to the records of the Department of the Interior.

The Minister submits the schedule annexed hereto of lands forming a further portion of the said area of 156,315.79 acres classed by the Commissioners as Swamp Lands and containing a total area of 5,584 acres.

The Minister further states that these lands were lands included within a tract for which a reservation for Park purposes was applied for by petition of the Council of the Town of Portage la Prairie, dated 16th April, 1900, but inasmuch as the lands included in the said schedule herewith had previously been classed by

the Swamp Lands Commissioners as Swamp Lands and as the Manitoba Government has now requested that these lands be transferred to the Province, the Minister, having satisfied himself of the accuracy of the schedule, recommends that the lands enumerated therein be vested in His Majesty King Edward the Seventh for the purposes of the Province of Manitoba under the provisions of the fourth section of chapter forty-seven of the Revised Statutes of Canada.

The Committee submit the same for approval.

Clerk of the Privy Council.

Wednesday, the 17th day of August, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report, dated 10th August, 1904, from the Minister of the Interior, submitting that Messrs. Jukes and Ducker, Commissioners appointed for the purpose of making a selection of Swamp Lands in the Province of Manitoba, to be granted to that Province under the provisions of section 4, chapter 47, Revised Statutes of Canada, have made a joint report dated 12th May, 1903, in which they submit, in accordance with the terms of the Order in Council in that behalf of the 19th June, 1886, and amending Order in Council of 27th February, 1899, a schedule of lands examined by them for the purpose mentioned, comprising an area of 121,120 acres.

The Minister states that of the area thus examined the Commissioners find an area of 92,960 acres falling to the Province as Swamp Lands.

That by a comparison of a schedule furnished by the Commissioners with the books of the Department of the Interior and its agencies in Manitoba it has been found that the total area of 92,960 acres selected as such Swamp Lands is available.

The Minister further states that of the area of 92,960 acres available 87,840 acres are unsurveyed, leaving an area of 5,120 acres available for transfer to the Province. The lands comprising, according to the report of the Commissioners, this area of 5,120 acres, when the areas are corrected in accordance with the plan of survey of the Township in which the lands

are situated, are found, however, to comprise a total area of 5,127 acres.

The Minister submits the schedules hereto attached marked "A" and "B" respectively, of the lands included in the schedule of the Commissioners and which are found available, comprising an area of 97,967 acres, and having satisfied himself of the accuracy of these schedules, he recommends that the lands enumerated in the schedule marked "A" and comprising an area of 5,127 acres be vested in His Majesty King Edward the Seventh for the purposes of the Province of Manitoba, under the provisions of the fourth section of chapter 47 of the Revised Statutes of Canada, and that the lands enumerated in the schedule marked "B" and comprising an area estimated at 87,840 acres, be reserved for the purposes of transfer to the Province of Manitoba, and that when the Surveyor General reports these lands surveyed, title to them be vested in the Province.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 13th day of August, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

THE Sub-Committee of Council report that by an Order in Council dated 9th May, 1894, a Cattle Quarantine Reservation was made of a tract of land described as "all that triangular tract of country bounded on the west by the main stream of Willow Creek, on the east by the north fork of the same Creek, and on the north by a small creek or coulee emptying into the said north fork."

The Sub-Committee further report that representations have been made by the officers of the Government charged with the enforcement of the Cattle Quarantine Regulations in the North-west Territories that the reservation above described is not as suitable for the purpose for which it is intended as would be Townships 1 in Ranges 28 and 29 west of the 3rd Meridian.

The Sub-Committee therefore recommend, in the public interest, that Townships 1 in Ranges 28 and 29, west of the 3rd Meridian, be set apart as a Cattle Quarantine Reserve in lieu of the tract of country above described and set apart by Order in Council of the 9th May, 1894.

The Sub-Committee further recommend that these two Townships be set apart exclusively for Cattle Quarantine purposes, and that no settlers or squatters be permitted thereon.

The Committee concurring in the above report, recommend that the same be approved.

JOHN J. MCGEE,

Clerk of the Privy Council.

(3.) Un candidat qui, à la fin de l'année de stage manque d'obtenir au moins un certificat du minimum d'habileté en équitation, sera exposé à voir son nom rayé de la liste des candidats choisis.

Le règlement suivant s'appliquera aux candidats choisis aux concours ouverts tenus en 1905 et les années suivantes :—

10. Les candidats choisis subiront aussi durant leur stage une épreuve sur l'équitation.

Les examens sur l'équitation auront lieu comme suit :—

(1.) Peu après que le résultat de l'examen du concours ouvert aura été déclaré, ou aux époques que les commissaires fixeront dans le cours de l'année de stage.

(2.) Encore, à la fin de l'examen final, les candidats qui auront convaincu les commissaires de leur capacité de bien monter et de faire de longs voyages à cheval, recevront de 100 à 200 marques, selon le degré d'habileté déployé, et ces points seront ajoutés à leurs coefficients à l'examen final. Les candidats qui manquent d'obtenir 100 marques, mais que les commissaires du service civil reconnaissent avoir atteint un degré minimum d'habileté en équitation et dignes d'être nommés au Service Civil de l'Inde, seront, à leur arrivée à l'Inde soumis aux autres épreuves en équitation que leur gouvernement pourra prescrire, et ne recevront aucune augmentation à leurs appointements primitifs, avant d'avoir passé ces épreuves à la satisfaction du dit gouvernement. Un candidat qui à la fin de son année de stage, manque de démontrer aux commissaires du service civil qu'il a atteint un minimum d'habileté en équitation, sera exposé à voir son nom rayé de la liste des candidats choisis.

11. Les candidats choisis qui, à l'examen final, feront preuve d'une connaissance parfaite des sujets spécifiés dans la règle 9, et qui auront fourni aux Commissaires du Service Civil des certificats satisfaisants d'âge, de santé, de moralité, de conduite pendant leur stage, et de leur habileté à monter à cheval, recevront des dits commissaires un certificat attestant qu'ils sont aptes à entrer dans le Service Civil de l'Inde, pourvu qu'ils se conforment aux règlements alors en vigueur dans ce service.

12. Les personnes qui désirent être reçues candidats doivent le demander sur les formules que l'on peut obtenir du Secrétaire de la Commission du Service Civil, London, W., en tout temps après le 1er décembre, de l'année qui précèdera l'examen. Les formules doivent être renvoyées de façon à être reçues au bureau des Commissaires du Service Civil le ou avant le 1er juillet (ou, si cette date tombe un dimanche ou un jour de fête publique, alors le ou avant le premier jour ensuivant auquel leur bureau est ouvert) de l'année où l'examen doit avoir lieu.

Les Commissaires du Service Civil sont autorisés par le Secrétaire d'Etat pour l'Inde en conseil, à donner les avis suivants :—

(i) Les candidats choisis seront assignés aux diverses provinces d'après considération de toutes les circonstances, y compris leurs propres désirs ; mais les exigences du service primeront toujours.

(ii) Une allocation de £100 sera faite à tous candidats qui font leur stage à l'une des universités ou collèges approuvés par le Secrétaire d'Etat, savoir, les universités d'Oxford, Cambridge, Dublin, Glasgow, Elinbourg, St. Andrews et Aberdeen ; l'Université Victoria, Manchester, l'University College, Londres ; et King's College, Londres ; pourvu que ces candidats aient passé l'examen final à la satisfaction des Commissaires du Service Civil, et, de l'avis du Secrétaire d'Etat, se soient bien conduits, et se soient conformés aux règlements établis pour la gouverne des candidats choisis. Tout le stage doit ordinairement se faire à la même institution. La migration ne sera permise que pour des raisons spéciales approuvées par le Secrétaire d'Etat.

(iii) L'allocation de £100 ne sera payée au candidat choisi qu'après que les Commissaires du Service Civil auront certifié qu'il a droit à être nommé au Service Civil de l'Inde ; et chaque candidat admis devra, avant de recevoir son allocation, donner une garantie écrite de rembourser ce montant au cas où il ne se rendrait pas aux Indes.

(iv) Tous les candidats obtenant des certificats seront requis de consentir une obligation par laquelle, entr'autres choses, ils s'engageront à payer les sommes exigées par les règlements alors en force, qu'ils seront requis de payer pour leurs propres pensions et pour les pensions de leurs familles. Les timbres payables sur ces obligations coûteront £1.

(v) L'ancienneté dans le Service Civil de l'Inde des candidats choisis sera déterminée selon l'ordre qu'ils occupent sur la liste résultant des notes réunies des examens de concours et final.

(vi) Les candidats choisis seront requis de faire rapport de leur arrivée aux Indes à telle date, après l'émission de leur certificat d'aptitude, que le Secrétaire d'Etat prescrira dans chaque cas.

(vii) Les candidats rejetés à l'examen final tenue dans une année quelconque, ne seront, en aucun cas, admis à se présenter pour un nouvel examen.

N.B.—Un manuel des règlements applicables aux membres réguliers du Service Civil de l'Inde a été compilé par permission du gouvernement de l'Inde, et on peut maintenant se le procurer chez MM. A. Constable & Cie, 2, Whitehall Gardens, S.W., ou chez M. E. A. Arnold, 37, rue Bedford street, Covent Garden. Prix 2s. 6d.

Le Secrétaire d'Etat de l'Inde a prié les commissaires d'attirer l'attention des candidats choisis à la note préliminaire contenue dans le dit manuel, vu qu'il est jugé important de bien faire comprendre que cette compilation n'est rien autre chose qu'un recueil, fait pour faciliter les renvois, de certains renseignements et règlements, qu'il n'est nullement complet, et qu'il est sujet à subir les changements que les autorités compétentes approuveront de temps à autre. 12-2

Samedi, le 13e jour d'août 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Sur un rapport daté le 8 d'août 1904, du ministre de l'Intérieur, disant qu'une demande avait été soumise par l'Association Mennonite Reinland du Manitoba, à l'effet de mettre à part certains Townships dans le voisinage de Swift Current dans le district d'Assiniboia, pour y établir une colonie mennonite. A l'appui de leur demande les pétitionnaires disent que la communauté mennonite du Manitoba désirent faciliter la colonisation de leur emplacement par des jeunes gens qui veulent s'établir dans les territoires du Nord-Ouest, et avec cet objet en vue ils se proposent de leur avancer des deniers et de leur donner toutes les autres facilités qui permettront aux personnes qui s'établissent dans cette nouvelle colonie de réussir dans leur entreprise. Les terrains demandés se composent de toutes les sections paires et impaires dans les townships 13 et 14, rang 12, les townships 12, 13 et 14, rang 13, et les moitiés est des townships 12 et 13, rang 14, tous à l'ouest du 3e méridien. La plupart de ces terrains sont vacants, à l'exception de celles des sections impaires qui ont été acceptées par la Compagnie du chemin de fer Canadien du Pacifique. Ils ne sont pas supposés être propres à la culture, et en conséquence le ministère de l'Intérieur n'a pas reçu de demandes à cet égard. De fait le ministère ne s'est pas cru justifiable d'encourager les nouveaux colons à se fixer dans ce district, mais l'association, se guidant sur les résultats qui ont suivi les efforts de la communauté mennonite du Manitoba et dans les territoires du Nord-Ouest dans l'établissement de colonies, est convaincue qu'elle pourra cultiver ces terres avec succès, d'après le plan qu'elle se propose d'adopter.

Le Ministre est d'avis que dans les circonstances ce serait dans l'intérêt du public, et surtout du district dans lequel il est proposé de fonder cette colonie, d'accorder la demande des pétitionnaires, et il recommande que toutes les terres, y compris les sections paires et impaires, qui restent à la disposition du gouvernement dans les townships 13 et 14, rang 12, les townships 12, 13 et 14, rang 13, et les moitiés est des townships 12 et 13, rang 14, toutes à l'ouest du 3e méridien, soient réservées pour l'établissement d'une colonie par l'Association Mennonite Reinland du Manitoba, les conditions de cette réserve seraient que personne, à moins d'être aidé par l'association, ou autrement approuvé par le ministère de l'Intérieur n'aurait la permission de s'inscrire pour un homestead dans la région mentionnée, et que cette réserve serait continuée pour une période de trois ans à compter du présent arrêté en conseil. Les colons prendront, à leur choix, les sections paires ou impaires.

Le Ministre recommande en outre que l'association ait la permission, après que les quatre quarts de toute section paire auront été inscrits, de passer un contrat pour l'achat d'une section impaire à raison de \$3 l'acre payables par dix versements annuels, avec intérêt au taux de 5 pour cent par année sur la balance impayée, nulle patente pour la section achetée ou partie d'icelle ne sera délivrée avant que les devoirs de homestead aient été remplis sur la section adjointe ou une partie proportionnelle de cette section au sujet de laquelle le privilège d'acheter la section impaire a été accordé.

Le comité soumet ce qui précède à l'approbation.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 10 d'août 1904, du ministre de l'Intérieur, exposant que Messieurs Jukes et Ducker, commissaires nommés pour choisir les terrains marécageux qui seront attribués à la province du Manitoba en vertu des dispositions de l'art. 4 chap. 47, Statuts Révisés du Canada, ont fait un rapport conjoint daté le 15 de décembre 1899, dans lequel ils soumettent, conformément aux termes de l'arrêté en conseil du 27 février 1899, une liste des terrains qu'ils ont examinés dans le but susdit, comprenant une étendue de 288,303.31 acres.

Le Ministre dit que sur l'étendue ainsi examinée les commissaires constatent que 156,315.79 reviennent à la province comme terrains marécageux.

Que par un arrêté en conseil daté le 26 d'avril 1902, il a été attribué à Sa Majesté le roi Edouard VII, pour les fins de la province du Manitoba, une étendue de 20,744.01 acres, étant des terrains formant une partie de la susdite étendue de 156,315.79 acres qui furent trouvés disponibles d'après les registres du ministère de l'Intérieur.

Le Ministre soumet la liste ci-jointe des terrains formant une autre partie de la dite étendue de 156,315.79 acres, déclarés terrains marécageux par les commissaires, et contenant une étendue totale de 5,584 acres.

Le Ministre dit de plus que ces terrains étaient inclus dans une région que le conseil de la ville du Portage-la-Prairie avait demandé par pétition pour en faire un parc, le 16 avril 1900, mais vu que les terrains sur la dite liste ci-jointe avaient déjà été déclarés terrains marécageux par les commissaires, et que le gouvernement du Manitoba demande aujourd'hui que ces terrains soient transférés à la province du Manitoba, le Ministre, s'étant convaincu de l'exactitude de cette liste, recommande que les terrains énu-

mérés dans la dite liste, soient attribués à Sa Majesté le roi Edouard Sept pour les fins de la province du Manitoba, en vertu des dispositions de l'article quatre du chapitre quarante-sept des Statuts Révisés du Canada.

Le comité soumet ce qui précède à l'approbation.

Mercredi, le 17^e jour d'août 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 10 août 1904, du ministre de l'Intérieur, exposant que Messieurs Jukes et Ducker, commissaires nommés pour choisir les terrains marécageux qui seront attribués à la province du Manitoba en vertu des dispositions de l'art. 4, chap. 47, Statuts Révisés du Canada, ont fait un rapport conjoint daté le 12 de mai 1903, dans lequel ils soumettent, conformément aux termes de l'arrêté en conseil à ce sujet du 19 juin 1886, et l'arrêté en conseil modificatif du 27 février 1899, une liste des terrains qu'ils ont examinés dans le but susdit, comprenant une étendue de 121,120 acres.

Le Ministre dit que sur l'étendue ainsi examinée les commissaires constatent que 92,960 acres reviennent à la province comme terrains marécageux.

En comparant les listes fournies par les commissaires avec les livres du ministère de l'Intérieur et ses agences au Manitoba, on a trouvé que l'étendue totale de 92,960 acres choisis comme tels terrains marécageux est disponible.

Le Ministre dit de plus que sur l'étendue de 92,960 acres disponibles 87,840 acres sont non arpentés, laissant une étendue de 5,120 acres disponibles pour être transférés à la province. Les terrains qui forment cette étendue de 5,120 acres, d'après le rapport des commissaires, se trouvent à former, toutefois, une étendue totale de 5,127 acres, après correction conformément au plan d'arpentage du township dans lequel les terrains sont situés.

Le Ministre soumet des listes revisées marquées A et B respectivement, de ceux des terrains compris dans les listes des commissaires qui sont trouvés disponibles, comprenant une étendue de 97,967 acres, et s'étant convaincu de l'exactitude de ces listes revisées, ci-jointes, le Ministre recommande que les terrains énumérés dans la liste marquée A et comprenant une étendue de 5,127 acres, soient attribués à Sa Majesté le roi Edouard Sept pour les fins de la province du Manitoba, en vertu des dispositions de l'article quatre du chapitre quarante-sept des Statuts Revisés du Canada, et que les terrains énumérés dans la liste marquée B et comprenant une étendue de 87,840 acres soient réservés afin d'être transférés à la province du Manitoba, et que lorsque l'Arpenteur général fera rapport que ces terrains sont arpentés, le titre à ces terrains soit attribué à la province.

Le comité soumet ce qui précède à l'approbation.

Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait;

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie Britannique, ou les Terri-

toires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district: autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

DESPATCHES, Etc.

AT THE COURT AT BUCKINGHAM PALACE.

The 10th day of August, 1904.

PRESENT:

THE KING'S MOST EXCELLENT MAJESTY
IN COUNCIL.

WHEREAS by an Order in Council dated the 5th day of May, 1873, after reciting that by "The Merchant Shipping Act Amendment Act, 1862," it was enacted that whenever it was made to appear to Her late Majesty that the rules concerning the measurement of tonnage of merchant ships for the time being in force under the principal Act had been adopted by the Government of any foreign country and were in force in that country, it should be lawful for Her Majesty by Order in Council to direct that the ships of such foreign country should be deemed to be of the tonnage denoted in their certificates of registry or other national papers, and thereupon it should no longer be necessary for such ships to be remeasured in any port or place in Her Majesty's Dominions, but such ships should be deemed to be of the tonnage denoted in the certificates of registry or other papers in the same manner, to the same extent and for the same purposes in, to, and for which the tonnage denoted in the certificates of registry of British ships was to be deemed the tonnage of such ships, and reciting that it had been made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships then in force under "The Merchant Shipping Act, 1854," had been adopted by the President of the French Republic, and were in force in the French Dominions: Her Majesty was thereby pleased, by and with the advice of Her Privy Council to direct that the ships of France, the certificates of French nationality, and registry of which were dated on or after the first day of June, 1873, should be deemed to be of the tonnage denoted in the said certificates of French nationality and registry:

And whereas The Merchant Shipping Act Amendment Act, 1862, was repealed by "The Merchant Shipping Act, 1894," but by section 745 of the latter Act it is, amongst other things provided that any Order in Council made under any enactment thereby repealed should continue in force as if it had been made under the said Act of 1864.

And whereas by an other Order in Council dated the 29th day of January, 1904, after reciting that by section 84 (3) of "The Merchant Shipping Act, 1894,"

it was enacted that if it was made to appear to Her late Majesty that the tonnage of any foreign ship, as measured by the rules of the country to which she belonged, materially differed from that which would be her tonnage if measured under that Act, Her Majesty in Council might order that, notwithstanding any Order in Council for the time being in force, any of the ships of that country might be remeasured in accordance with that Act, and reciting that it had been made to appear to His present Majesty that the tonnage of French ships, as measured by the rules concerning the measurement of tonnage of merchant ships of France, materially differed from that which would be the tonnage of such ships if measured under "The Merchant Shipping Act, 1894," His Majesty in Council ordered that notwithstanding the hereinbefore recited Order in Council dated the 5th day of May, 1873, any of the ships of France might, for all or any of the purposes of "The Merchant Shipping Act, 1894," be remeasured in accordance with the said Act:

And whereas by section 738 of the same Act it is provided that where Her late Majesty had power under that Act to make an Order in Council, Her Majesty might by Order in Council revoke, alter, or add to any Order so made:

And whereas by section 30 of the Interpretation Act, 1889, it is enacted that in that Act and in every other Act, whether passed before or after the commencement of that Act, references to the Sovereign reigning at the time of the passing of the Act or to the Crown shall, unless the contrary intention appears, be construed as references to the Sovereign for the time being and that Act shall be binding on the Crown:

And whereas it has been made to appear desirable to His present Majesty that the provisions of the said recited Orders in Council, dated respectively the 5th of May, 1873, and the 29th day of January, 1904, should be revoked and a new Order in Council made and substituted in lieu thereof:

Now, therefore, His Majesty, in virtue of the powers vested in Him by the said recited Acts, and by and with the advice of His Privy Council, is pleased to direct that the said recited Orders, dated respectively the 5th day of May, 1873, and the 29th day of January, 1904, shall be and the same are hereby revoked.

A. W. FITZROY.

The 10th day of August, 1904.

PRESENT

THE KING'S MOST EXCELLENT MAJESTY IN
COUNCIL.

WHEREAS it is enacted by section 84 (1) of the "Merchant Shipping Act, 1894," that whenever it appeared to Her late Majesty the Queen in Council that the tonnage regulations of that Act had been adopted by any foreign country and were in force there, Her Majesty in Council might order that the ships of that country should without being remeasured in Her Majesty's Dominions be deemed to be of the tonnage denoted in their certificates of registry or other national papers, in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship, was deemed to be the tonnage of that ship.

And whereas by section 30 of the Interpretation Act, 1889, it is enacted that in that Act and in every other Act, whether passed before or after the commencement of that Act, references to the Sovereign reigning at the time of the passing of the Act or to the Crown, shall, unless the contrary intention appears, be construed as references to the Sovereign for the time being, and that Act shall be binding on the Crown.

And whereas it has been made to appear to His Majesty that the rules concerning the measurement of tonnage of merchant ships now in force under "The Merchant Shipping Act, 1894," have been adopted by the President of the French Republic, and are in force in the French Dominions, having come into operation on the 1st day of July, 1904.

Now, therefore, His Majesty in Council doth order that the ships of France, the certificates of registry of

other national papers of which are dated on or after the 1st day of July, 1904, shall without being re-measured in His Majesty's Dominions, be deemed to be of the tonnage denoted in such certificates of registry, or other national papers, in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL

ON a Report, dated 5th August, 1904, from the Minister of the Interior, stating that by an Order in Council dated the 31st May, 1902, certain lands surrounding Coquitlam Lake in the Province of British Columbia, and fully described in that Order, were sold

to the City Council of New Westminster at a nominal price, for the purpose of protecting from contamination the waters of that Lake from which the City obtains its domestic supply.

The Minister submits that the sale of this land, however, did not convey to the Corporation of the City of New Westminster the timber within the area sold, and as the disposal of the timber might defeat the purpose for which the land was sold to the Corporation, the Minister is of the opinion that the public interests would best be served by reserving this timber from sale, and he recommends accordingly.

The Committee submit the same for approval.

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Sub-Committee of Council report that by an Order in Council dated 9th May, 1894, a Cattle Quarantine Reservation was made of a tract of land described as "all that triangular tract of country bounded on the west by the main stream of Willow Creek, on the east by the north fork of the same Creek, and on the north by a small creek or coulee emptying into the said north fork."

The Sub-Committee further report that representations have been made by the officers of the Government charged with the enforcement of the Cattle Quarantine Regulations in the North-west Territories that the reservation above described is not as suitable for the purpose for which it is intended as would be

Townships 1 in Ranges 28 and 29 west of the 3rd Meridian.

The Sub-Committee therefore recommend, in the public interest, that Townships 1 in Ranges 28 and 29, west of the 3rd Meridian, be set apart as a Cattle Quarantine Reserve in lieu of the tract of country above described and set apart by Order in Council of the 9th May, 1894.

The Sub-Committee further recommend that these two Townships be set apart exclusively for Cattle Quarantine purposes, and that no settlers or squatters be permitted thereon.

The Committee concurring in the above report, recommend that the same be approved.

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Comptroller of the Royal North-west Mounted Police has made application for the reservation for Police purposes of the fractional South-west quarter of Section 12, Township 1, Range 25, west Fourth Meridian;

And whereas the land applied for having been with other lands reserved by Order in Council, as reservoirs for water storage, the Deputy Commissioner of Public Works of the North-west Territories at Regina was asked to report in regard to the reservation;

And whereas the said Deputy Commissioner has now reported that after careful consideration of the matter it is not thought that there should be any objection to the withdrawal of the reservation and the granting of the fractional quarter-section for Police purposes,—

Therefore the Governor General in Council is pleased to order that the reservation of the above mentioned fractional quarter-section be withdrawn and that the land be set aside for Police purposes.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 13th day of August, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 8th of August, 1904, from the Minister of the Interior, stating that an application has been submitted by the Reinland Mennonite Association of Manitoba for the setting aside of certain Townships in the vicinity of Swift Current in the District of Assiniboia, for the purpose of establishing a Mennonite Colony. It is urged by the petitioners in support of the application that the Mennonite community of Manitoba are anxious to facilitate the settlement of their claim by young men who are desirous of locating in the North-west Territories, and with that object in view it is their intention to make them such monetary advances, and afford them such other facilities as will enable the persons who will locate on the new colony to make a success of their enterprise. The lands applied for consist of all available odd and even-numbered sections within Townships 13 and 14, Range 12, Townships 12, 13 and 14, Range 13, and the east halves of Townships 12 and 13, Range 14, all west of the 3rd Meridian. These lands for the most part, with the exception of such odd-numbered sections as have been accepted by the Canadian Pacific Railway Company, are vacant. They are reported as not being of a class which would make them suitable for farming by ordinary settlers, no demand therefore having, on that account, been received by the Department of the

Interior. As a matter of fact the Department has not felt warranted in encouraging new settlers to locate within this district, but the association, guided as it is by the results which have attended the efforts of the Mennonite community in other parts of Manitoba and the North-west Territories in founding colonies, is satisfied that under the plan which it is proposed to follow they will be able to work the lands applied for with success.

The Minister is of opinion that under the circumstances it would be in the interest of the public, and especially of the district in which it is proposed to found this colony, to grant the application of the petitioners, and he therefore recommends that all the lands including both the odd and even-numbered sections, remaining at the disposal of the Government within Townships 13 and 14, Range 12, Townships 12, 13 and 14, Range 13, and the east halves of Townships 12 and 13, Range 14, all west of the 3rd Meridian, be set aside as a reserve for the establishment of a colony by the Reinland Mennonite Association of Manitoba, the terms of such reserve to be that no one, unless aided by the association, or otherwise approved by the Department of the Interior, is to be allowed to make homestead entry within the tract mentioned, and that such reserve shall be continued for a period of three years from the date of the present Order in Council. The nominees of the association will, at their option, homestead either the odd or even-numbered sections.

The Minister further recommends that the association be permitted, upon causing the four quarters of any even-numbered section to be homesteaded, to contract for the purchase of an adjoining odd-numbered section at \$3.00 per acre in ten annual instalments, with interest at the rate of 5% per annum upon the unpaid balance, no patent for the purchased section or part thereof to be issued until the homestead duties have been performed upon the adjoining section or a proportional part thereof in respect of which the privilege of buying the odd-numbered section has been given.

The Committee submit the same for approval.

Clerk of the Privy Council.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 10th August, 1904, from the Minister of the Interior, submitting that Messrs. Jukes and Ducker, Commissioners appointed for the purpose of making a selection of Swamp Lands in the Province of Manitoba to be granted to that Province under the provisions of section 4, chapter 47, Revised Statutes of Canada, made a joint report dated 15th December, 1899, in which they submitted in accordance with the terms of the Order in Council of 27th February, 1899, a schedule of lands examined by them for the purpose mentioned comprising an area of 278,303.31 acres.

The Minister states that of the area thus examined the Commissioners found an area of 156,315.79 acres falling to the Province as Swamp Lands.

That by Order in Council dated 26th April, 1902, there was vested in His Majesty King Edward the Seventh for the purposes of the Province of Manitoba an area of 20,744.01 acres, being lands forming a portion of the above area of 156,315.79 acres which were found available according to the records of the Department of the Interior.

The Minister submits the schedule annexed hereto of lands forming a further portion of the said area of 156,315.79 acres classed by the Commissioners as Swamp Lands and containing a total area of 5,584 acres.

The Minister further states that these lands were lands included within a tract for which a reservation for Park purposes was applied for by petition of the Council of the Town of Portage la Prairie, dated 16th April, 1900, but inasmuch as the lands included in the said schedule herewith had previously been classed by

the Swamp Lands Commissioners as Swamp Lands and as the Manitoba Government has now requested that these lands be transferred to the Province, the Minister, having satisfied himself of the accuracy of the schedule, recommends that the lands enumerated therein be vested in His Majesty King Edward the Seventh for the purposes of the Province of Manitoba under the provisions of the fourth section of chapter forty-seven of the Revised Statutes of Canada.

The Committee submit the same for approval.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 17th day of August, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report, dated 10th August, 1904, from the Minister of the Interior, submitting that Messrs. Jukes and Ducker, Commissioners appointed for the purpose of making a selection of Swamp Lands in the Province of Manitoba, to be granted to that Province under the provisions of section 4, chapter 47, Revised Statutes of Canada, have made a joint report dated 12th May, 1903, in which they submit, in accordance with the terms of the Order in Council in that behalf of the 19th June, 1886, and amending Order in Council of 27th February, 1899, a schedule of lands examined by them for the purpose mentioned, comprising an area of 121,120 acres.

The Minister states that of the area thus examined the Commissioners find an area of 92,960 acres falling to the Province as Swamp Lands.

That by a comparison of a schedule furnished by the Commissioners with the books of the Department of the Interior and its agencies in Manitoba it has been found that the total area of 92,960 acres selected as such Swamp Lands is available.

The Minister further states that of the area of 92,960 acres available 87,840 acres are unsurveyed, leaving an area of 5,120 acres available for transfer to the Province. The lands comprising, according to the report of the Commissioners, this area of 5,120 acres, when the areas are corrected in accordance with the plan of survey of the Township in which the lands

are situated, are found, however, to comprise a total area of 5,127 acres.

The Minister submits the schedules hereto attached marked "A" and "B" respectively, of the lands included in the schedule of the Commissioners and which are found available, comprising an area of 97,967 acres, and having satisfied himself of the accuracy of these schedules, he recommends that the lands enumerated in the schedule marked "A" and comprising an area of 5,127 acres be vested in His Majesty King Edward the Seventh for the purposes of the Province of Manitoba, under the provisions of the fourth section of chapter 47 of the Revised Statutes of Canada, and that the lands enumerated in the schedule marked "B" and comprising an area estimated at 87,840 acres, be reserved for the purposes of transfer to the Province of Manitoba, and that when the Surveyor General reports these lands surveyed, title to them be vested in the Province.

The Committee submit the same for approval.

Jukes and Ducker, Commissioners appointed for the purpose of making a selection Swamp Lands in the Province of Manitoba, to be granted to that Province under the provisions of section 4, chapter 47, Revised Statutes of Canada, have made a joint report, dated 2nd March, 1904, in which they submit, in accordance with the terms of the Order in Council, in that behalf of the 19th June, 1886, and amending Order in Coun-

DÉPÊCHES, Etc.

AU PALAIS DE BUCKINGHAM,

Le 10e jour d'août 1904.

PRÉSENT :

SA TRÈS EXCELLENTE MAJESTÉ LE ROI
EN CONSEIL.

CONSIDÉRANT que par un arrêté en conseil daté le 5e jour de mai 1873, il est dit que par l'Acte modificatif de l'Acte de la marine marchande, 1862, il est statué que lorsqu'il sera représenté à Sa Majesté que les règlements concernant le mesurage du tonnage des bâtiments marchands alors en vigueur en vertu de l'acte principal, ont été adoptés par le gouvernement d'un pays étranger et sont en vigueur dans ce pays, il sera loisible à Sa Majesté de déclarer par un arrêté en conseil, que les bâtiments de ce pays étranger seront censés avoir le tonnage indiqué sur leurs certificats d'enregistrement ou autres papiers nationaux, et que dès lors il ne sera plus nécessaire pour ces bâtiments d'être mesurés de nouveau dans un port ou lieu quelconque des possessions de Sa Majesté, mais que ces bâtiments seront censés être du tonnage inscrit sur leurs certificats d'enregistrement ou autres papiers, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur les certificats d'enregistrement des bâtiments britanniques est censé être le tonnage de ces bâtiments ;

Et qu'il a été représenté à Sa Majesté que les règlements concernant le mesurage du tonnage des bâtiments marchands alors en vigueur sous l'autorité de l'Acte de la marine marchande de 1854, ont été adoptés

par le Président de la République Française et étaient en vigueur dans les possessions françaises, Sa Majesté a bien voulu, par et avec l'avis de Son Conseil privé, décréter que les navires de France dont les certificats de nationalité et d'enregistrement français auront été datés le et après le premier jour de juin mil huit cent soixante-treize, seront censés être du tonnage indiqué dans les dits certificats de nationalité et d'enregistrement français ;

Et considérant que l'Acte modificatif de la marine marchande de 1862, a été abrogé par l'Acte de la marine marchande de 1894, mais que par l'article 745 de ce dernier acte il est entre autres choses statué que tout arrêté en conseil rendu en vertu d'un statut abrogé par le présent acte continuera en vigueur comme s'il avait été fait en vertu du dit acte de 1894 ;

Et considérant que par un arrêté en conseil daté le 29e jour de janvier 1904, après avoir énoncé que par l'article 84 (3) de l'Acte de la marine marchande de 1894, statuant que s'il a été démontré à Sa feue Majesté que le tonnage d'un navire étranger, tel que mesuré d'après les règlements de son pays, différait essentiellement de ce que serait son tonnage s'il était mesuré en vertu du dit acte, Sa Majesté pourra, par arrêté en conseil, ordonner que nonobstant tout arrêté en conseil alors en vigueur, tout navire de pays étranger pourra être remesuré en conformité du dit acte, et énonçant qu'il a été représenté à Sa présente Majesté que le tonnage des navires français, tels que mesurés d'après les règles concernant le mesurage du tonnage des navires marchands de France différait essentiellement de ce que serait le tonnage de ces navires s'ils étaient mesurés en vertu de l'Acte de la marine marchande de 1894, Sa Majesté en conseil décréta que nonobstant l'arrêté en conseil précité daté le 5e jour de mai 1873, tout navire de France pourrait, pour toutes et chacune des fins de l'Acte de la marine marchande de 1894, être remesuré conformément au dit acte ;

Et considérant que par l'article 738 du même acte, il est statué que lorsque Sa feue Majesté était autorisée, en vertu du dit acte à rendre un arrêté en conseil, il sera loisible à Sa Majesté par arrêté en conseil de révoquer, modifier ou étendre tout arrêté ainsi rendu ;

Et considérant que par l'article 30 de l'Acte de l'interprétation de 1889, il est statué que dans le dit acte et dans tout acte passé soit avant soit après le commencement du dit acte, les expressions "souverain régnant à l'époque de l'adoption de l'acte," ou "la Couronne" seront censées jusqu'à preuve du contraire signifier le Souverain alors régnant, et le dit acte sera obligatoire pour la Couronne ;

Et considérant qu'il a été représenté à Sa présente Majesté qu'il serait à propos de révoquer les dispositions des dits arrêtés en conseil précités, datés respectivement le 5 de mai 1873 et le 29 de janvier 1904, et qu'un nouvel arrêté en conseil lui soit substitué,—

A ces causes il plaît à Sa Majesté, en vertu des pouvoirs qui lui sont conférés par les actes précités, et par et avec l'avis de Son Conseil privé, de décréter que les dits arrêtés précités, datés respectivement le 5 de mai 1873 et le 29 de janvier 1904, soient et ils sont par le présent révoqués.

A. W. FITZROY.

AU PALAIS DE BUCKINGHAM.

Le 10e jour d'août 1904.

PRÉSENT :

SA TRÈS EXCELLENTE MAJESTÉ LE ROI EN
CONSEIL.

CONSIDÉRANT que par l'article 84 (1) de l'Acte de la marine marchande de 1894, il est statué que lorsqu'il appert à Sa Majesté la Reine en conseil que les règlements de tonnage du dit acte ont été adoptés par un pays étranger, et y sont en force, Sa Majesté en conseil pourra ordonner que les navires du dit pays, seront, sans être remesurés dans les possessions de Sa Majesté, censés être du tonnage indiqué dans leurs certificats d'enregistrement ou autres papiers nationaux, de la même manière, au même degré et pour les mêmes fins que le tonnage indiqué dans le certificat d'enregistrement d'un navire britannique est censé être le tonnage de ce navire ;

Et considérant que par l'article 30 de l'Acte de l'interprétation de 1859, il est statué que dans le dit acte et dans tout acte passé soit avant soit après le commencement du dit acte, les expressions "souverain régnant à l'époque de l'adoption de l'acte", ou "la Couronne" seront censées jusqu'à preuve du contraire signifier le Souverain alors régnant, et le dit acte sera obligatoire pour la Couronne ;

Et considérant qu'il a été représenté à Sa Majesté que les règlements concernant le mesurage du tonnage des bâtiments marchands maintenant en vigueur sous l'autorité de l'Acte de la marine marchande de 1854, ont été adoptés par le Président de la République Française et sont en vigueur dans les possessions françaises, ayant été rendus exécutoires le 1er jour de juillet 1904,—

A ces causes, Sa Majesté en conseil décrète que les navires de France, dont les certificats d'enregistrement ou autres papiers nationaux sont datés le ou après le 1er jour de juillet 1904, seront, sans être remesurés dans les possessions de Sa Majesté, censés être du tonnage inscrit dans les dits certificats d'enregistrement, ou autres papiers nationaux, de la même manière, au même degré, et pour les mêmes fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement d'un navire britannique est censé être le tonnage de ce navire.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Il plaît au Gouverneur général en conseil, en vertu des dispositions de l'article 29 de l'acte 3 Edouard VII, chapitre 11, intitulé "Acte concernant les maladies infectieuses ou contagieuses chez les bestiaux", de faire et établir les règlements suivants concernant la morve, et ces règlements sont faits et établis en conséquence, et seront exécutoires immédiatement :—

1. Chaque propriétaire, éleveur ou importateur ou marchand d'animaux, du moment qu'il s'aperçoit que la maladie de la morve existe chez les chevaux, mulets

et ânes possédés par lui ou sous ses soins spéciaux, devra sans délai avertir le ministre de l'Agriculture et le plus proche inspecteur vétérinaire du ministère de l'Agriculture, des faits découverts par lui comme susdit.

2. Chaque chirurgien vétérinaire exerçant en Canada, aussitôt qu'il constate ou soupçonne qu'un animal est atteint de la morve, devra donner un avis semblable au Ministre ou au plus proche inspecteur vétérinaire.

3. Dans les territoires du Nord-Ouest l'avis exigé par les deux articles précédents des présents règlements sera censé suffisant s'il est donné au commissaire, sous-commissaire, ou autre officier de la gendarmerie à cheval royale du Nord-Ouest, ou à un des sergents-majors vétérinaires de la dite force.

4. Les chevaux, mulets et ânes qui montrent en aucun temps des symptômes cliniques de la morve seront, sur un ordre signé par un inspecteur dûment nommé du ministère de l'Agriculture, immédiatement abattus, et les carcasses seront traitées tel que prescrit par le dit arrêté.

5. Aucun animal atteint de la morve ou qui y aura été exposé ne sera libre d'errer en liberté ou de venir en contact avec un animal qui n'est pas ainsi atteint.

6. Tout inspecteur vétérinaire ou autre personne dûment autorisée pourra déclarer lieu infecté dans le sens de l'Acte concernant les épizooties, 1903, toute commune, champ, écurie, étable ou autre endroit ou local où la contagion de la morve est connue ou soupçonnée exister.

7. Nul cheval, mulet ou âne ne sera déplacé d'un endroit infecté sans un permis signé par un inspecteur ou autre personne dûment autorisée.

8. Les inspecteurs vétérinaires sont par le présent autorisés à inspecter et soumettre à l'épreuve de la malléine les chevaux, mulets ou ânes atteints de la morve ou soupçonnés être ainsi atteints, ou qui sont venus en contact avec des animaux ainsi affectés ou soupçonnés être ainsi affectés, ou qui ont été de quelque manière exposés à la contagion ou infection de la maladie de la morve, et, dans le but de faire cette inspection ou épreuve, ordonner que ces animaux soient rassemblés, détenus et isolés.

9. Les inspecteurs sont par le présent autorisés à ordonner l'abattage des chevaux, mulets et ânes qui réagissent à l'épreuve de la malléine, mais qui n'indiquent pas de symptômes cliniques de la morve et ordonner la disposition des carcasses de ces animaux, et le ministre de l'Agriculture est par le présent autorisé à ordonner qu'une indemnité soit payée aux propriétaires de ces animaux au taux fixé au paragraphe 2 de l'article 12 de l'Acte concernant les épizooties, 1903, tel que modifiée par le chapitre 6 des statuts de 1904.

10. Les inspecteurs sont de plus autorisés, si les propriétaires le préfèrent, à ordonner que les chevaux, mulets et ânes qui réagissent à l'épreuve de la malléine mais qui n'indiquent pas de symptômes cliniques de la morve, soient isolés et soumis à une deuxième et troisième épreuve de la malléine, ces deuxième et troisième épreuves seront faites aux frais du propriétaire, et seront complétées sous quatre mois après la première épreuve. Pourvu, toutefois, que tout animal qui montre des symptômes cliniques de la morve en aucun temps entre la première et troisième épreuve sera abattu sans indemnité.

11. Les chevaux, mulets et ânes qui réagissent à la troisième épreuve de la malléine, seront immédiatement abattus sur un ordre signé par un inspecteur, et les carcasses seront traitées tel qu'ordonné, et le Ministre pourra ordonner qu'une indemnité au taux susdit soit payée aux propriétaires pour tout animal qui aura en aucun temps montré des symptômes cliniques de la morve.

12. Les inspecteurs sont par le présent autorisés à permettre aux propriétaires de chevaux, mulets et ânes qui ne réagissent pas à la troisième épreuve de la malléine, et qui n'ont en aucun temps montré des symptômes cliniques de la morve, de retenir et employer ces animaux, sujet aux conditions contenues dans l'ordre ou l'avis signé par l'inspecteur.

13. Avant d'ordonner le paiement de l'indemnité dans aucun des cas susdits, le Ministre exigera la production d'un rapport satisfaisant, l'ordre, le certificat d'évaluation et d'abattage, et le certificat de nettoyage et de désinfection, tous signés par un inspecteur.

14. Le certificat d'un inspecteur comportant qu'un animal a réagi à l'épreuve de la malléine, ou a montré des symptômes cliniques de la morve sera, pour les fins du dit acte et du présent arrêté, une preuve *prima facie* devant tous les tribunaux de justice et ailleurs des faits qui y sont attestés.

15. Chaque cour, étable, apprentis ou autre endroit ou local, et chaque wagon, charrette, voiture, char ou autre véhicule, et chaque ustensile ou autre chose infecté de la morve, seront complètement nettoyés et désinfectés par et aux frais du propriétaire ou occupant à la satisfaction d'un inspecteur vétérinaire ou autre personne dûment autorisée.

Mercredi, le 17e jour d'août 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 10 d'août 1904, du ministre de l'Intérieur, exposant que Messieurs Jukes et Ducker, commissaires nommés pour choisir les terrains marécageux qui seront attribués à la province du Manitoba en vertu des dispositions de l'art. 4 chap. 47, Statuts Révisés du Canada, ont fait un rapport conjoint daté le 15 de décembre 1899, dans lequel ils soumettent, conformément aux termes de l'arrêté en conseil du 27 février 1899, une liste des terrains qu'ils ont examinés dans le but susdit, comprenant une étendue de 288,303.31 acres.

Le Ministre dit que sur l'étendue ainsi examinée les commissaires constatent que 156,315.79 reviennent à la province comme terrains marécageux.

Que par un arrêté en conseil daté le 26 d'avril 1902, il a été attribué à Sa Majesté le roi Edouard VII, pour les fins de la province du Manitoba, une étendue de 20,744.01 acres, étant des terrains formant une partie de la susdite étendue de 156,315.79 acres qui furent trouvés disponibles d'après les registres du ministère de l'Intérieur.

Le Ministre soumet la liste ci-jointe des terrains formant une autre partie de la dite étendue de 156,315.79 acres, déclarés terrains marécageux par les commissaires, et contenant une étendue totale de 5,584 acres.

Le Ministre dit de plus que ces terrains étaient inclus dans une région que le conseil de la ville du Portage-la-Prairie avait demandé par pétition pour en faire un parc, le 16 avril 1900, mais vu que les terrains sur la dite liste ci-jointe avaient déjà été déclarés terrains marécageux par les commissaires, et que le gouvernement du Manitoba demande aujourd'hui que ces terrains soient transférés à la province du Manitoba, le Ministre, s'étant convaincu de l'exactitude de cette liste, recommande que les terrains énu-

mérés dans la dite liste, soient attribués à Sa Majesté le roi Edouard Sept pour les fins de la province du Manitoba, en vertu des dispositions de l'article quatre du chapitre quarante-sept des Statuts Révisés du Canada.

Le comité soumet ce qui précède à l'approbation.

Mercredi, le 17e jour d'août 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 10 août 1904, du ministre de l'Intérieur, exposant que Messieurs Jukes et Ducker, commissaires nommés pour choisir les terrains marécageux qui seront attribués à la province du Manitoba en vertu des dispositions de l'art. 4, chap. 47, Statuts Révisés du Canada, ont fait un rapport conjoint daté le 12 de mai 1903, dans lequel ils soumettent, conformément aux termes de l'arrêté en conseil à ce sujet du 19 juin 1886, et l'arrêté en conseil modificatif du 27 février 1899, une liste des terrains qu'ils ont examinés dans le but susdit, comprenant une étendue de 121,120 acres.

Le Ministre dit que sur l'étendue ainsi examinée les commissaires constatent que 92,960 acres reviennent à la province comme terrains marécageux.

En comparant les listes fournies par les commissaires avec les livres du ministère de l'Intérieur et ses agences au Manitoba, on a trouvé que l'étendue totale de 92,960 acres choisis comme tels terrains marécageux est disponible.

Le Ministre dit de plus que sur l'étendue de 92,960 acres disponibles 87,840 acres sont non arpentés, laissant une étendue de 5,120 acres disponibles pour être transférés à la province. Les terrains qui forment cette étendue de 5,120 acres, d'après le rapport des commissaires, se trouvent à former, toutefois, une étendue totale de 5,127 acres, après correction conformément au plan d'arpentage du township dans lequel les terrains sont situés.

Le Ministre soumet des listes révisées marquées A et B respectivement, de ceux des terrains compris dans les listes des commissaires qui sont trouvés disponibles, comprenant une étendue de 97,967 acres, et s'étant convaincu de l'exactitude de ces listes révisées, ci-jointes, le Ministre recommande que les terrains énumérés dans la liste marquée A et comprenant une étendue de 5,127 acres, soient attribués à Sa Majesté le roi Edouard Sept pour les fins de la province du Manitoba, en vertu des dispositions de l'article quatre du chapitre quarante-sept des Statuts Révisés du Canada, et que les terrains énumérés dans la liste marquée B et comprenant une étendue de 87,840 acres soient réservés afin d'être transférés à la province du Manitoba, et que lorsque l'Arpenteur général fera rapport que ces terrains sont arpentés, le titre à ces terrains soit attribué à la province.

Le comité soumet ce qui précède à l'approbation.

HOTEL DU GOUVERNEMENT À OTTAWA.

Samedi, le 1^{er} jour d'août 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 8 d'août 1904, du ministre de l'Intérieur, disant qu'une demande avait été soumise par l'Association Mennonite Reinland du Manitoba, à l'effet de mettre à part certains Townships dans le voisinage de Swift Current dans le district d'Assiniboia, pour y établir une colonie mennonite. A l'appui de leur demande les pétitionnaires disent que la communauté mennonite du Manitoba désirent faciliter la colonisation de leur emplacement par des jeunes gens qui veulent s'établir dans les territoires du Nord-Ouest, et avec cet objet en vue ils se proposent de leur avancer des deniers et de leur donner toutes les autres facilités qui permettront aux personnes qui s'établissent dans cette nouvelle colonie de réussir dans leur entreprise. Les terrains demandés se composent de toutes les sections paires et impaires dans les townships 13 et 14, rang 12, les townships 12, 13 et 14, rang 13, et les moitiés est des townships 12 et 13, rang 14, tous à l'ouest du 3^e méridien. La plupart de ces terrains sont vacants, à l'exception de celles des sections impaires qui ont été acceptées par la Compagnie du chemin de fer Canadien du Pacifique. Ils ne sont pas supposés être propres à la culture, et en conséquence le ministre de l'Intérieur n'a pas reçu de demandes à cet égard. De fait le ministre ne s'est pas cru justifiable d'encourager les nouveaux colons à se fixer dans ce district, mais l'association, se guidant sur les résultats qui ont suivi les efforts de la communauté mennonite du Manitoba et dans les territoires du Nord-Ouest dans l'établissement de colonies, est convaincue qu'elle pourra cultiver ces terres avec succès, d'après le plan qu'elle se propose d'adopter.

Le Ministre est d'avis que dans les circonstances ce serait dans l'intérêt du public, et surtout du district dans lequel il est proposé de fonder cette colonie, d'accorder la demande des pétitionnaires, et il recommande que toutes les terres, y compris les sections paires et impaires, qui restent à la disposition du gouvernement dans les townships 13 et 14, rang 12, les townships 12, 13 et 14, rang 13, et les moitiés est des townships 12 et 13, rang 14, toutes à l'ouest du 3^e méridien, soient réservées pour l'établissement d'une colonie par l'Association Mennonite Reinland du Manitoba, les conditions de cette réserve seraient que personne, à moins d'être aidé par l'association, ou autrement approuvé par le ministre de l'Intérieur n'aurait la permission de s'inscrire pour un homestead dans la région mentionnée, et que cette réserve serait continuée pour une période de trois ans à compter du présent arrêté en conseil. Les colons prendront, à leur choix, les sections paires ou impaires.

Le Ministre recommande en outre que l'association ait la permission, après que les quatre quarts de toute section paire auront été inscrits, de passer un contrat pour l'achat d'une section impaire à raison de \$3 l'acre payables par dix versements annuels, avec intérêt au taux de 5 pour cent par année sur la balance impayée, nulle patente pour la section achetée ou partie d'icelle ne sera délivrée avant que les devoirs de homestead aient été remplis sur la section adjointe ou une partie proportionnelle de cette section au sujet de laquelle le privilège d'acheter la section impaire a été accordé.

Le comité soumet ce qui précède à l'approbation.

JOHN J. MCGEE,
Greffier du Conseil privé.

DESPATCHES, Etc.

AT THE COURT AT BUCKINGHAM PALACE.

The 10th day of August, 1904.

PRESENT :

THE KING'S MOST EXCELLENT MAJESTY
IN COUNCIL.

WHEREAS by an Order in Council dated the 5th day of May, 1873, after reciting that by "The Merchant Shipping Act Amendment Act, 1862," it was enacted that whenever it was made to appear to Her late Majesty that the rules concerning the measurement of tonnage of merchant ships for the time being in force under the principal Act had been adopted by the Government of any foreign country and were in force in that country, it should be lawful for Her Majesty by Order in Council to direct that the ships of such foreign country should be deemed to be of the tonnage denoted in their certificates of registry or other national papers, and thereupon it should no longer be necessary for such ships to be remeasured in any port or place in Her Majesty's Dominions, but such ships should be deemed to be of the tonnage denoted in the certificates of registry or other papers in the same manner, to the same extent and for the same purposes in, to, and for which the tonnage denoted in the certificates of registry of British ships was to be deemed the tonnage of such ships, and reciting that it had been made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships then in force under "The Merchant Shipping Act, 1854," had been adopted by the President of the French Republic, and were in force in the French Dominions : Her Majesty was thereby pleased, by and with the advice of Her Privy Council to direct that the ships of France, the certificates of French nationality, and registry of which were dated on or after the first day of June, 1873, should be deemed to be of the tonnage denoted in the said certificates of French nationality and registry :

And whereas The Merchant Shipping Act Amendment Act, 1862, was repealed by "The Merchant Shipping Act, 1894," but by section 745 of the latter Act it is, amongst other things provided that any Order in Council made under any enactment thereby repealed should continue in force as if it had been made under the said Act of 1894.

And whereas by an other Order in Council dated the 29th day of January, 1904, after reciting that by section 84 (3) of "The Merchant Shipping Act, 1894," it was enacted that if it was made to appear to Her late Majesty that the tonnage of any foreign ship, as

measured by the rules of the country to which she belonged, materially differed from that which would be her tonnage if measured under that Act, Her Majesty in Council might order that, notwithstanding any Order in Council for the time being in force, any of the ships of that country might be remeasured in accordance with that Act, and reciting that it had been made to appear to His present Majesty that the tonnage of French ships, as measured by the rules concerning the measurement of tonnage of merchant ships of France, materially differed from that which would be the tonnage of such ships if measured under "The Merchant Shipping Act, 1894," His Majesty in Council ordered that notwithstanding the hereinbefore recited Order in Council dated the 5th day of May, 1873, any of the ships of France might, for all or any of the purposes of "The Merchant Shipping Act, 1894," be remeasured in accordance with the said Act:

And whereas by section 738 of the same Act it is provided that where Her late Majesty had power under that Act to make an Order in Council, Her Majesty might by Order in Council revoke, alter, or add to any Order so made:

And whereas by section 30 of the Interpretation Act, 1889, it is enacted that in that Act and in every other Act, whether passed before or after the commencement of that Act, references to the Sovereign reigning at the time of the passing of the Act or to the Crown shall, unless the contrary intention appears, be construed as references to the Sovereign for the time being and that Act shall be binding on the Crown:

And whereas it has been made to appear desirable to His present Majesty that the provisions of the said recited Orders in Council, dated respectively the 5th of May, 1873, and the 29th day of January, 1904, should be revoked and a new Order in Council made and substituted in lieu thereof:

Now, therefore, His Majesty, in virtue of the powers vested in Him by the said recited Acts, and by and with the advice of His Privy Council, is pleased to direct that the said recited Orders, dated respectively the 5th day of May, 1873, and the 29th day of January, 1904, shall be and the same are hereby revoked.

A. W. FITZROY.

The 10th day of August, 1904.

PRESENT

THE KING'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS it is enacted by section 84 (1) of the "Merchant Shipping Act, 1894," that whenever it appeared to Her late Majesty the Queen in Council that the tonnage regulations of that Act had been adopted by any foreign country and were in force there, Her Majesty in Council might order that the ships of that country should without being remeasured in Her Majesty's Dominions be deemed to be of the tonnage denoted in their certificates of registry or other national papers, in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship, was deemed to be the tonnage of that ship.

And whereas by section 30 of the Interpretation Act, 1889, it is enacted that in that Act and in every other Act, whether passed before or after the commencement of that Act, references to the Sovereign reigning at the time of the passing of the Act or to the Crown, shall, unless the contrary intention appears, be construed as references to the Sovereign for the time being, and that Act shall be binding on the Crown.

And whereas it has been made to appear to His Majesty that the rules concerning the measurement of tonnage of merchant ships now in force under "The Merchant Shipping Act, 1894," have been adopted by the President of the French Republic, and are in force in the French Dominions, having come into operation on the 1st day of July, 1904.

Now, therefore, His Majesty in Council doth order that the ships of France, the certificates of registry or

other national papers of which are dated on or after the 1st day of July, 1904, shall without being remeasured in His Majesty's Dominions, be deemed to be of the tonnage denoted in such certificates of registry, or other national papers, in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship.

The Committee advise that the said by-law be approved accordingly.

Wednesday, the 17th day of August, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report, dated 5th August, 1904, from the Minister of the Interior, stating that by an Order in Council dated the 31st May, 1902, certain lands surrounding Coquitlam Lake in the Province of British Columbia, and fully described in that Order, were sold to the City Council of New Westminster at a nominal price, for the purpose of protecting from contamination the waters of that Lake from which the City obtains its domestic supply.

The Minister submits that the sale of this land, however, did not convey to the Corporation of the City of New Westminster the timber within the area sold, and as the disposal of the timber might defeat the purpose for which the land was sold to the Corporation, the Minister is of the opinion that the public interests would best be served by reserving this timber from sale, and he recommends accordingly.

The Committee submit the same for approval.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 13th day of August, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON a Report dated 8th of August, 1904, from the Minister of the Interior, stating that an application has been submitted by the Reinland Mennonite Association of Manitoba for the setting aside of certain Townships in the vicinity of Swift Current in the District of Assiniboia, for the purpose of establishing a Mennonite Colony. It is urged by the petitioners in support of the application that the Mennonite community of Manitoba are anxious to facilitate the settle-

ment of their claim by young men who are desirous of locating in the North-west Territories, and with that object in view it is their intention to make them such monetary advances, and afford them such other facilities as will enable the persons who will locate on the new colony to make a success of their enterprise. The lands applied for consist of all available odd and even-numbered sections within Townships 13 and 14, Range 12, Townships 12, 13 and 14, Range 13, and the east halves of Townships 12 and 13, Range 14, all west of the 3rd Meridian. These lands for the most part, with the exception of such odd-numbered sections as have been accepted by the Canadian Pacific Railway Company, are vacant. They are reported as not being of a class which would make them suitable for farming by ordinary settlers, no demand therefore having, on that account, been received by the Department of the Interior. As a matter of fact the Department has not felt warranted in encouraging new settlers to locate within this district, but the association, guided as it is by the results which have attended the efforts of the Mennonite community in other parts of Manitoba and the North-west Territories in founding colonies, is satisfied that under the plan which it is proposed to follow they will be able to work the lands applied for with success.

The Minister is of opinion that under the circumstances it would be in the interest of the public, and especially of the district in which it is proposed to found this colony, to grant the application of the petitioners, and he therefore recommends that all the lands including both the odd and even-numbered sections, remaining at the disposal of the Government within Townships 13 and 14, Range 12, Townships 12, 13 and 14, Range 13, and the east halves of Townships 12 and 13, Range 14, all west of the 3rd Meridian, be set aside as a reserve for the establishment of a colony by the Reinland Mennonite Association of Manitoba, the terms of such reserve to be that no one, unless aided by the association, or otherwise approved by the Department of the Interior, is to be allowed to make homestead entry within the tract mentioned, and that such reserve shall be continued for a period of three years from the date of the present Order in Council. The nominees of the association will, at their option, homestead either the odd or even-numbered sections.

The Minister further recommends that the association be permitted, upon causing the four quarters of any even numbered section to be homesteaded, to contract for the purchase of an adjoining odd-numbered section at \$3.00 per acre in ten annual instalments, with interest at the rate of 5% per annum upon the unpaid balance, no patent for the purchased section or part thereof to be issued until the homestead duties have been performed upon the adjoining section or a proportional part thereof in respect of which the privilege of buying the odd-numbered section has been given.

The Committee submit the same for approval.

JOHN J. MCGEE,
Clerk of the Privy Council.

DÉPÊCHES, Etc.

AU PALAIS DE BUCKINGHAM,

Le 10e jour d'août 1904.

PRÉSENT :

SA TRÈS EXCELLENTE MAJESTÉ LE ROI
EN CONSEIL.

CONSIDÉRANT que par un arrêté en conseil daté le 5e jour de mai 1873, il est dit que par l'Acte modificatif de l'Acte de la marine marchande, 1862, il est statué que lorsqu'il sera représenté à Sa Majesté que les règlements concernant le mesurage du tonnage des bâtiments marchands alors en vigueur en vertu de l'acte principal, ont été adoptés par le gouvernement d'un pays étranger et sont en vigueur dans ce pays, il sera loisible à Sa Majesté de déclarer par un arrêté en conseil, que les bâtiments de ce pays étranger seront censés avoir le tonnage indiqué sur leurs certificats d'enregistrement ou autres papiers nationaux, et que dès lors il ne sera plus nécessaire pour ces bâtiments d'être mesurés de nouveau dans un port ou lieu quelconque des possessions de Sa Majesté, mais que ces bâtiments seront censés être du tonnage inscrit sur leurs certificats d'enregistrement ou autres papiers, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur les certificats d'enregistrement des bâtiments britanniques est censé être le tonnage de ces bâtiments ;

Et qu'il a été représenté à Sa Majesté que les règlements concernant le mesurage du tonnage des bâtiments marchands alors en vigueur sous l'autorité de l'Acte de la marine marchande de 1854, ont été adoptés par le Président de la République Française et étaient en vigueur dans les possessions françaises, Sa Majesté a bien voulu, par et avec l'avis de Son Conseil privé, décréter que les navires de France dont les certificats de nationalité et d'enregistrement français auront été datés le et après le premier jour de juin mil huit cent soixante-treize, seront censés être du tonnage indiqué dans les dits certificats de nationalité et d'enregistrement français ;

Et considérant que l'Acte modificatif de la marine marchande de 1862, a été abrogé par l'Acte de la marine marchande de 1894, mais que par l'article 745 de ce dernier acte il est entre autres choses statué que tout arrêté en conseil rendu en vertu d'un statut abrogé par le présent acte continuera en vigueur comme s'il avait été fait en vertu du dit acte de 1894 ;

Et considérant que par un arrêté en conseil daté le 29e jour de janvier 1904, après avoir énoncé que par l'article 84 (3) de l'Acte de la marine marchande de 1894, statuant que s'il a été démontré à Sa feu Majesté que le tonnage d'un navire étranger, tel que mesuré d'après les règlements de son pays, différerait essentiellement de ce que serait son tonnage s'il était mesuré en vertu du dit acte, Sa Majesté pourra, par arrêté en conseil, ordonner que nonobstant tout arrêté en conseil alors en vigueur, tout navire de pays étranger pourra être remesuré en conformité du dit acte, et énonçant qu'il a été représenté à Sa présente Majesté que le tonnage des navires français, tels que mesurés d'après les règles concernant le mesurage du tonnage des navires marchands de France différerait essentiellement de ce que serait le tonnage de ces navires s'ils étaient mesurés en vertu de l'Acte de la marine marchande de 1894, Sa Majesté en conseil décréta que nonobstant l'arrêté en conseil précité daté le 5e jour de mai 1873, tout navire de France pourrait, pour toutes et chacune des fins de l'Acte de la marine marchande de 1894, être remesuré conformément au dit acte ;

Et considérant que par l'article 738 du même acte, il est statué que lorsque Sa feu Majesté était autorisée, en vertu du dit acte à rendre un arrêté en conseil, il sera loisible à Sa Majesté par arrêté en conseil de révoquer, modifier ou étendre tout arrêté ainsi rendu ;

Et considérant que par l'article 30 de l'Acte de l'interprétation de 1889, il est statué que dans le dit acte et dans tout acte passé soit avant soit après le commencement du dit acte, les expressions "souverain régnant à l'époque de l'adoption de l'acte," ou "la Couronne" seront censées jusqu'à preuve du contraire

signifier le Souverain alors régnant, et le dit acte sera obligatoire pour la Couronne ;

Et considérant qu'il a été représenté à Sa présente Majesté qu'il serait à propos de révoquer les dispositions des dits arrêtés en conseil précités, datés respectivement le 5 de mai 1873 et le 29 de janvier 1904, et qu'un nouvel arrêté en conseil lui soit substitué,—

A ces causes il plaît à Sa Majesté, en vertu des pouvoirs qui lui sont conférés par les actes précités, et par et avec l'avis de Son Conseil privé, de décréter que les dits arrêtés précités, datés respectivement le 5 de mai 1873 et le 29 de janvier 1904, soient et ils sont par le présent révoqués.

A. W. FITZROY.

AU PALAIS DE BUCKINGHAM.

Le 10^e jour d'août 1904.

PRÉSENT :

SA TRÈS EXCELLENTE MAJESTÉ LE ROI EN CONSEIL.

CONSIDÉRANT que par l'article 84 (1) de l'Acte de la marine marchande de 1894, il est statué que lorsqu'il appert à Sa Majesté la Reine en conseil que les règlements de tonnage du dit acte ont été adoptés par un pays étranger, et y sont en force, Sa Majesté en conseil pourra ordonner que les navires du dit pays, seront, sans être remesurés dans les possessions de Sa Majesté, censés être du tonnage indiqué dans leurs certificats d'enregistrement ou autres papiers nationaux, de la même manière, au même degré et pour les mêmes fins que le tonnage indiqué dans le certificat d'enregistrement d'un navire britannique est censé être le tonnage de ce navire ;

Et considérant que par l'article 30 de l'Acte de l'interprétation de 1889, il est statué que dans le dit acte et dans tout acte passé soit avant soit après le commencement du dit acte, les expressions "souverain régnant à l'époque de l'adoption de l'acte", ou "la Couronne" seront censées jusqu'à preuve du contraire signifier le Souverain alors régnant, et le dit acte sera obligatoire pour la Couronne ;

Et considérant qu'il a été représenté à Sa Majesté que les règlements concernant le mesurage du tonnage des bâtiments marchands maintenant en vigueur sous l'autorité de l'Acte de la marine marchande de 1854, ont été adoptés par le Président de la République Française et sont en vigueur dans les possessions françaises, ayant été rendus exécutoires le 1^{er} jour de juillet 1904,—

A ces causes, Sa Majesté en conseil décrète que les navires de France, dont les certificats d'enregistrement ou autres papiers nationaux sont datés le ou après le 1^{er} jour de juillet 1904, seront, sans être remesurés dans les possessions de Sa Majesté, censés être du tonnage inscrit dans les dits certificats d'enregistrement, ou autres papiers nationaux, de la même manière, au même degré, et pour les mêmes fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement d'un navire britannique est censé être le tonnage de ce navire.

Il plaît au Gouverneur général en conseil, en vertu des dispositions de l'article 29 de l'acte 3 Edouard VII, chapitre 11, intitulé "Acte concernant les maladies infectieuses ou contagieuses chez les bestiaux", d'établir les règlements suivants concernant la maladie du coït, et ces règlements sont par le présent faits et établis en conséquence, et seront exécutoires immédiatement :—

HOTEL DU GOUVERNEMENT A OTTAWA.

Samedi, le 1^{er} jour d'août 1904.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 8 d'août 1904, du ministre de l'Intérieur, disant qu'une demande avait été soumise par l'Association Mennonite Reinland du Manitoba, à l'effet de mettre à part certains Townships dans le voisinage de Swift Current dans le district d'Assiniboia, pour y établir une colonie mennonite. A l'appui de leur demande les pétitionnaires disent que la communauté mennonite du Manitoba désirent faciliter la colonisation de leur emplacement par des jeunes gens qui veulent s'établir dans les territoires du Nord-Ouest, et avec cet objet en vue ils se proposent de leur avancer des deniers et de leur donner toutes les autres facilités qui permettront aux personnes qui s'établissent dans cette nouvelle colonie de réussir dans leur entreprise. Les terrains demandés se composent de toutes les sections paires et impaires dans les townships 13 et 14, rang 12, les townships 12, 13 et 14, rang 13, et les moitiés est des townships 12 et 13, rang 14, tous à l'ouest du 3^e méridien. La plupart de ces terrains sont vacants, à l'exception de celles des sections impaires qui ont été acceptées par la Compagnie du chemin de fer Canadien du Pacifique. Ils ne sont pas supposés être propres à la culture, et en conséquence le ministère de l'Intérieur n'a pas reçu de demandes à cet égard. De fait le ministère ne s'est pas cru justifiable d'encourager les nouveaux colons à se fixer dans ce district, mais l'association, se guidant sur les résultats qui ont suivi les efforts de la communauté mennonite du Manitoba et dans les territoires du Nord-Ouest dans l'établissement de colonies, est convaincue qu'elle pourra cultiver ces terres avec succès, d'après le plan qu'elle se propose d'adopter.
